—APPELLATE JUSTICE INGRAMAN

Honolulu, March 26.—The search for the United States submarine E-4 which was submerged in the harbor off here yesterday morning and failed to reappear, continues without definite result.

It was reported early this morning a grappling cable caught on some unknown object, which aroused a hope that the submarine had been found.

Some experts express the belief that the commander and 16 men of the crew cannot be alive now.

Washington, March 26.—More than 24 hours of every effort known to naval penitence to raise the sunken boat 35 feet a signal from her crew have failed. Her marker buoy which should come to the top to mark her resting place in such an emergency has failed to appear, the surface of the water at 30 fathoms is covered with a film of oil from the submerged boat's tanks.

Navy department officials fear one of two calamities—that the E-4 struck a rock and that her crew were drowned in the inundating waters or that there was an internal explosion.

While hope for the men has not been given up, the gravest fears are entertained that they may have been lost in the first submarine boat disaster of the United States navy.

On the face of meagre official reports from the Honolulu naval station which said the E-4 disappeared at 9:15 o'clock yesterday morning after making a dive during maneuvers and the constant grappling and diving has failed to locate her definitely, naval officers fear the boat may have slipped over a ledge on the vulnerable rock bottom of the harbor into some deep pocket out of reach of help.

The diving record of a man is 210 feet; the world's diving record of a submarine, made by an American boat, the E-1, is 283 feet. If the E-4, by accident or otherwise has gone deeper, it is feared the tremendous pressure of the waters had crushed her shell.

Although fitted with the latest device in safety air tanks, through which a man can be shot to safety at as great a depth as 35 fathoms, no men on the E-4 apparently have been unable to use them and fear that, coupled with the fact that they have not released their safety buoy, makes officials fear something terrible has happened down in the dark.

Lieut. Alfred Louis Ede, junior, in command of the E-4, is 25 years old. His home is at Revere, Mass. He was graduated from a naval academy in the class of 1909 and most of his service has been on the Pacific coast. He was on the West Virginia, the torpedo boat Tuxton and the Alert under instruction in submarines, July 11, 1914. He took command of the E-4 and went immediately to Honolulu. The Lieutenant was married just before sailing for Honolulu, where his wife is.

Lillian L. Mahan, machinist's mate, first class, Lima, O., Mrs. Margaret C. Mahan, wife, Vallejo, Calif., was one of the official guests of the E-4's company as is seen on March 7, giving names of members of the company and their next of kin.

AMERICANS SUFFER
AT HANDS OF TURKS

New York, March 26.—All the men at Gulipshun, a large village near Urumiah, Persia, have been shot by Kurds, the women violated, an American missionary beaten and 65 refugees taken from the French and American missions have been hanged on gibbets erected in the mission yards, according to a cablegram received here today by the Presbyterian board of foreign missions.

The Turks also beat and insulted the American missionaries.

Morganthau Presses
Action At Constantinople

Washington, March 26.—Under instructions from the state department, American Ambassador Morganthau at Constantinople is pressing the Turkish government to protect the American mission at Urumiah, Persia.

Mr. Paddock transmits a message from Missionary Robert M. Labaree, at Urumiah to the effect that the Turkish consul at Urumiah forced his way into the mission compound with a number of Turkish regular troops and removed some Assyrian Christian refugees who were, then massacred.

VILLA FORCES MOVE
TOWARD MATAMORAS
T. R. REFUSES

Mercedes, Texas, March 26.—Fifty-five hundred Villa soldiers today were opposite the Mercedes, Matamoras, plant on their way to Matamoras to give battle to the constitutionalists. Officers and men feel confident they will capture Matamoras in the next few days.

Villa currency is being traded here freely at three Villa dollars for 25 American cents.

Washington, March 26.—Rear Admiral Caperton at Vera Cruz reported today that reports of the burning of sisal fields around

Progress were absolutely untrue. He added that ships were daily loading sisal and that everything was quiet.

Columbus, March 26.—The house adjourned today until Monday in memory of William M. Gilmour of Champaign county, a former member of the house whose death occurred recently.

BALKAN SITUATION
CENTERS ATTENTIONDID SUITORS FIGHT BATTLE OVER THIS
GIRL? ONE OF THEM GOT HURT, ANYWAY

Miss Edith Bryson

The beauty and charm of Miss Edith Bryson, Savannah's prettiest girl, are rumored to have been the cause of a recent pistol duel between two of her suitors. One of the young men in pursuit of her hand was shot anyway. He says the affair was not a duel, but that he was shot without warning by a strange man.

PUT BAN ON CAKE
BAKING IN BERLIN

Berlin, March 26. (Via London).—Additional restrictions have been placed by the authorities upon bakers and housewives in Berlin who now have been forbidden to bake cakes which require the use of yeast or similar preparations. The baking in homes of any cakes whatever between March 25 and April 12 also has been forbidden. The latter order is designed to check the consumption of flour for Easter cakes.

The former regulation limiting to ten per cent of the total weight the amount of flour which may be used in cakes not under the official ban remains in force.

OHIO'S BANKS MAKE
CREDITABLE SHOWING

Columbus, March 26.—That the condition of the banking business in Ohio is entirely satisfactory is indicated by reports made to State Bank Superintendent Harry T. Hall by state and private banks, in compliance with a call made by him on them for statement on the condition of business on March 4. This was the first call sent out by the new superintendent.

Cincinnati banks show the biggest gains in deposits and resources. Their increase in deposits between the two calls exceeded \$2,000,000. Their increase in deposits between the two calls exceeded \$2,000,000. The Cleveland banks which are the largest in the state and among the largest in the country, did not do quite as much business as indicated by the preceding call. The volume of business done by the Cincinnati banks was practically the same. Conditions in Youngstown also showed little change.

The showing made by banks generally is regarded as very creditable when the heavy drain by reason of the long and month carrie epidemic is taken into consideration.

VISIT FOREIGN BUILDINGS

Washington, March 26.—Col. Roosevelt has not accepted the invitation to testify before the Senate ship bill lobby committee on the ground that he had no information on the subject of the investigation except such as is available to the public generally.

The committee intended to question the colonel tomorrow about articles he has written bearing on the charge that the administration was proposing to buy ships of the European belligerents laid up in American ports.

The conference of senators decided the colonel would not be recalled but that a telegram from him would be put in the committee's record.

ANOTHER
BRITISH
STEAMER
IS SUNK

London, March 26.—The steamer Debuira has been sunk by a German submarine off Boulogne, in the English channel. The members of the crew were given ten minutes in which to leave the vessel. Subsequently they landed on the Isle of Wight.

SENTENCED TO HANG

Wilmington, Del., March 26.—Peter Krakis, who was convicted this week of killing a policeman here on March 6, and who is imprisoned in the number of a priest and his housekeeper at New Britain, Conn., was today sentenced to be hanged on May 14.

BELIEVED IMPORTANT
EVENTS ARE PENDING

London, March 26.—The Exchange Telegraph Company has received a dispatch from Athens saying that Field Marshal von Der Goltz, who has been in Constantinople for some months past representing German military interests has left the Turkish capital for Sofia, Bulgaria. At the same time General Liman von Sanders, the commander of the Turkish forces in Europe, has left Constantinople for Adrianople.

The departure of these two officers from Constantinople, one for Sofia, the capital of Bulgaria and the other for Adrianople, the second largest city in European Turkey and not far from the Bulgarian frontier, indicates some sudden development in the Balkan situation which is causing Turkey concern.

Russia Now Directing
Attention To Carpathians

London, March 26.—As has been predicted by military observers since the fall of Przemysl, Russia is now directing her chief offensive against the Austrian front on the Carpathians. In the north between the Niemen and the Vistula rivers the Russian forces are thrusting back the Austrians along the Dukla and Uzok line.

SUBMARINE
TERROR HAS
BEEN SUNK
IS BELIEF

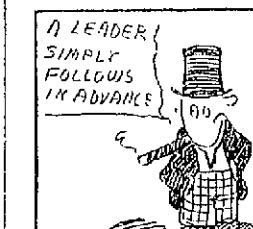

London, March 26.—The British Admiralty stated last evening that they thought the German submarine U-20, which sank four British and one French steamer in the English channel, and damaged three other vessels, had been sunk with all hands. The text of the official statement follows:

"The Admiralty have good reasons to believe that the German submarine U-20 has been sunk with all hands."

No further information has been given out.

FIVE INJURED

Myersdale, Pa., March 26.—Five passengers were hurt when a Baltimore and Ohio train was wrecked near here today. A wheel dropped from a car of a passing freight train and the car, toppling over against the passenger train, tore out the sides of two coaches.

BUTT-IN
The Times Weather Man

When I hear folks talkin' sage-ly about leaders of men I've gotta smile. Cause so far as I've been able to observe real "leaders" are few and far between. Most of 'em has gotta do some full guessin' on how th' popular ent. is gonna jump before they start t' "lead" and even then th' job is hazardous for 'em for there ain't nothin' that I know of that can "about face" quicker'n popular opinion. None I never tried leadin' in men. Th' weather is trouble enough for me. Here's for tomorrow:

Ohio—Fair tonight and colder in south portion. Saturday fair continued cold.

Kentucky—Partly cloudy and colder tonight; Saturday fair and cold.

West Virginia—Local snows and colder tonight, much colder in east portion; Saturday generally fair.

EUROPE BUYS HEAVILY
OF AMERICAN FLOUR

Washington, March 26.—War's

continued demand on American grainaries was shown today in a commerce department report of a single sale of flour to continental Europe which required 512,000 bushels of wheat for its production and two steamers to transport it from New York. Its value was \$750,000 and it was milled by a middle western company. The buyers paid for the shipment at seaboard and assumed all transport risks.

Wheat flour exports increased from \$1,603,828 in February, 1914, to \$4,962,160 last month.

BIG DAM
BREAKS
LOOSE

Ellensburg, Wash., March 26.—An old government dam at Lake Keeches broke today, according to reports received here. It is also reported that a wall of water 25 feet high is rushing toward Ellensburg. An unconfirmed report says that Cle Elum and Easton are under water. Residents along the river here have been ordered to evacuate.

WOULD CUT ADMISSION

PRICE TO STATE FAIR

Columbus, March 26.—Admission to the state fair will be only 25 cents for persons more than 10 years of age, if the legislature enacts a bill introduced today by Senator Moore, of Jefferson. Senator Moore said the state fair should be an educational institution and that the state should not make a profit from it.

GOOD-BY—FAREWELL
TO RHEUMATISM!

When your joints and muscles ache, when there is a "lurch" in your back or neck and you feel "all in," apply plenty of H. F. C. German Liniment, the famous liniment, regardless of location, with a strong odor. It's as pure and white as snow and it won't soil the finest clothes.

For 18 years H. F. C. German Liniment has been the unequalled remedy for Rheumatism, Lame Back, Neuralgia, Back Pain, Cold on the Lungs, Cold in the Head, Bruises, Sprains, Aching Legs, Tired and Sore Feet. It relieves Cold, Cough, Croup, etc. It is powerful and penetrating. Nothing like it in existence for stopping pain. It's a pure white emulsion of camphor cream with other pure, harmless, effective ingredients. It is fine for children because H. F. C. keeps doors closed—which camphorated oil used alone won't do—keeps colds out.

STATE BOARD CRITICISES
PURIFICATION OF WATER

The state board of health has written to local officials complaining of the way the new water-works purification plant is being run, as follows:

Columbus, O., Mar. 24, 1915
William Gergens, Sr.,
Director of Public Service,
Portsmouth, Ohio.

Dear Sir:—On March 11, 1915, one of our assistant engineers visited Portsmouth and examined the water purification plant. Samples were collected to indicate the efficiency of the plant. A copy of the analytical results is enclosed.

The analysis indicate that at the time of sampling the plant was not effecting satisfactory bacterial removal. The presence of intestinal organisms in the filtered water should not occur. It was ascertained that no coagulant was applied to the water until it reaches the outlet end of the coagulation basins, from which point it flows directly to the filters. In our opinion, this method of operation is faulty as it does not utilize the beneficial results which could be secured by the application of the coagulant to the water as it enters the coagulation basins. If necessary, it might be desirable to arrange for coagulant application at both ends of the basins. It is probable that the unsatisfactory bacterial results are due to the method of chemical treatment practiced.

The washing of the filters appears unsatisfactory. The air which is first applied is introduced at such pressure as to violently agitate the sand and possibly disrupt the gravel layer. This will in time interfere with the proper operation of the filters and may result in inefficiency.

Another general criticism which was made relates to the analytical control of the operation of the plant. It was the observation of one engineer that the plant is not receiving the careful attention during its operation each day, which is required to insure con-

tinuously good results.

I trust that these matters will be taken up with your superintendent in order that necessary improvements in the operation of the plant may be secured.

Yours truly,

E. F. McCAMPBELL,
Secretary and Executive Officer.

The city officials have technical reports made by the state board, which they say indicate the water is O. K.

The state board of health engineer made an examination of the filtration plant and pumping station on March 11th in connection with his examination of the Lawson sewer, and made a report which was submitted to the director of public service.

In connection with this report Mr. Shute states that he regrets the representative of the state board was obliged to hurry his visit, and could not spend time to thoroughly investigate the conditions at the plant. Only about two hours were spent at the water works, and the subject is too large to cover in this time.

The water which has been furnished the city has been satisfactory in all respects but the state engineer wishes certain changes made in the treatment. In Mr. Shute's opinion these changes will not improve the character of the water, in fact he thinks the effect will be quite the reverse as he has already experimented with the treatment suggested.

Mr. Shute has replied to Dr.

McCampbell's letter as follows:

March 26th, 1915.
Dr. E. F. McCampbell, Secretary and Executive Officer, State Board of Health, Columbus, Ohio.

Dear Sir:—Your favor of the 24th has been referred to the writer and will say that the results sent by you are about what the plant has been doing for several months, that is your bacterial results check mine and are the average output of the plant. I am of the opinion that the plant has been doing good work.

Relative to your suggestion as to the application of alum, will say that the application before sedimentation with the present turbidity seems like a waste of chemical. It does not increase the bactericidal efficiency of the filters. We have tried to put enough material onto the beds to elute them rapidly, but at present we wash every 21 hours with a loss of head of about 4 feet. This plant is arranged so that coagulant may be applied at three places at once, if necessary. We have tried all combinations and believe the present method to be the best.

Relative to the matter of the air wash, the men have been instructed to break the bed slowly. I noted that air was applied with unusual vigor during the washing of the one bed inspected. I did not speak to the men in regard to this, as he usually washes to satisfaction when no company is present.

In regard to the analytical control of the plant, I am at the plant every day and am not informed as to your ideas as to the number of determinations necessary. The Filter Company's Engineer is also at the plant every day. We have no chemist on night as at Columbus, and it does not seem to the writer to be required. The Bacterial results in the city in various parts of the system have been very good.

In regard to your remarks as to intestinal organisms, will say that I have found the water must be almost sterile not to give a reaction in 10 e. c. Your results bear

this out as you obtain one positive and one negative in 10 e. c. with a count of only 6. Results of samples for six weeks at various taps in the city show no gas in 10 e. c. average count 6, maximum 10, and minimum 0.

I would be glad to have one of your men stay for a few days and see for himself the results of applying coagulant at various points.

You understand, we apply coagulant before sedimentation when the turbidity is high, and that the present method of operation is the result of careful study. You will see by our contract that the plant is operated for one year under the direction of the Filter Company, but I am sure that they will agree to any change you may suggest.

Yours truly,

Sanitary and Hydrologic Engineer.

The very thing that has been bothering you and interfering with your faith in the "Oracles of God" may be taken up and satisfactorily explained. Hear the first one or two of these short addresses on this all important subject, and you will want to hear them all.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—do this you must wash your liver and bowels—there is no need of having a ruddy complexion—dark circles under your eyes—no pale look in your face—dull eyes with no sparkle.

You should with tell you ninety percent of all diseases come from the liver and bowels.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients to eat.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective.

They bring about that appearance of health, which is a sure sign which should be sought by everyone, by being up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

THIS BUYING AT HOME.

One of our merchants not long ago noticed a lady looking at some suits in his store, and when, a few weeks later he saw her in his store again wearing a suit like the one she had been examining, he observed that it fitted exceedingly well. He took occasion to compliment the lady and she said that she had been so pleased with it and that it was giving fine satisfaction. "But," added the lady, "I did not take the suit your clerk was showing me. I went down to Cincinnati and bought this one."

"That is all right," said the dealer, "but would you mind allowing me to look at the makers' mark and telling me what you paid for the suit?"

The lady agreed and it developed that the suit was precisely the same as the one she had examined at the local store, made by the same firm. She said she had paid \$25 for her suit, besides having paid railroad fare and hotel bills. The local firm never asked more than \$20 for the same suit. That was a case where not only was disloyalty shown to home merchants, but money was actually lost.

People who have been about the most and who spend a lot of money for clothes, say that they can get just as good satisfaction here at home and they can save money over what they would if they went away from home to buy. Why then just for the silly pleasure of boasting that one is wearing something bought in a large city, should people go away from home to shop?

Why should our social columns be filled with personals about men and women going to near-by large cities to "do their spring shopping?"

Every person who has a real interest in Portsmouth, who owns property here, who does business here, whether as a lawyer, a doctor, a railroad employee, a manufacturer, every one of these people, ought to think of these things. Suppose when you went to some one here to sell them something they would tell you they were going away to see if they could not get a location there, you would try to argue them out of it, would you not? Then take stock with yourself. See what you have done, what your family has done, to help Portsmouth during the past year.

And then resolve to do a little better the coming year.

OVER IN KENTUCKY.

Politics is warming up in the Kentucky districts across the river, although the nomination primaries will not be held until August. Among those who are candidates are several well known in Portsmouth. For instance, Hon. M. O. Wilson, the versatile editor of the Vancuebug Sun, who has served one term in the legislature and who made a most excellent record there, is a candidate on the Republican ticket to succeed himself. Hon. E. E. Fullerton, brilliant attorney of Greenup, who has been an important factor in the development of the county, is a candidate for the Republican nomination for circuit judge and will contest with Judge W. C. Hulbert, of Vancuebug, present incumbent, also well known in this section.

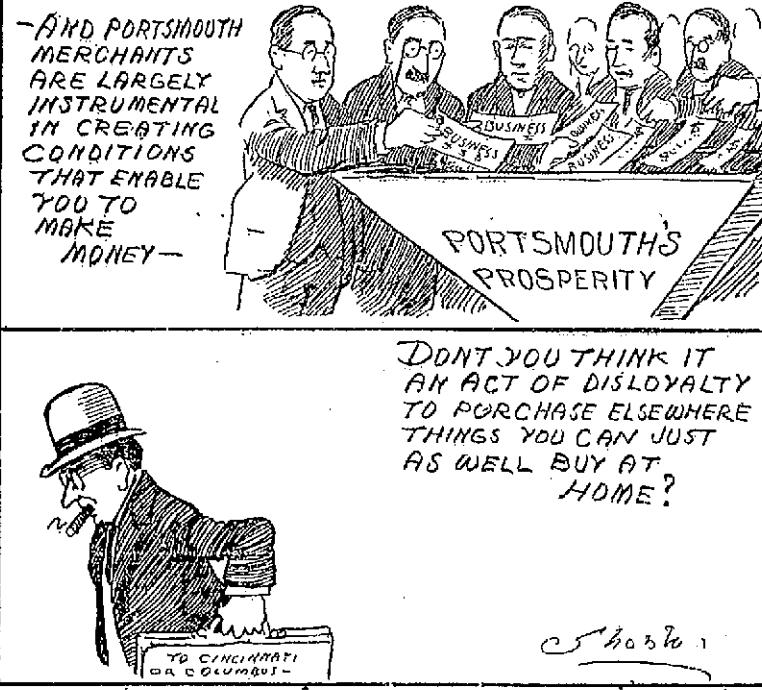

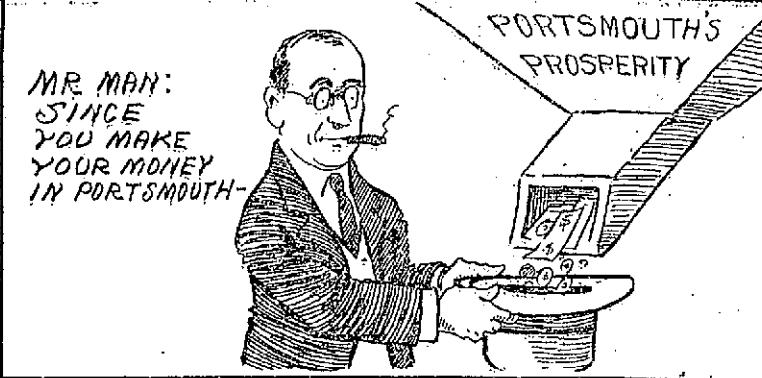

One of the curious features of politics is that Editor Wilson has opposition for the nomination for a second term chiefly because he led the fight for a bond issue to build better roads in Lewis county, some of the tight wads who object to spending money for the general good having banded together in an effort to make a horrible example of him for the benefit of future progressive citizens.

OUR SOUTH AMERICAN TRADE.

An Associated Press dispatch to Thursday's papers noted that the Pan-American commission had found a steady improvement in the financial condition of Latin-American countries that was being reflected by an increasing volume of trade with American states, the increased trade being largely in manufactured products that were formerly bought of warring European countries. For instance there was an increase in exports to Argentina in February from the port of New York amounting to \$906,971 and to Brazil amounting to \$265,345, practically all manufactured goods.

This is most important to American manufacturers as it shows that banking interests of this country are doing their share towards helping South American countries to reorganize their financial affairs, and once done this will mean permanent gain for our own trade. Prior to the beginning of the European war, the financial affairs of South America were handled by London and

SOMETHING TO THINK ABOUT

DON'T YOU THINK IT AN ACT OF DISLOYALTY TO PURCHASE ELSEWHERE THINGS YOU CAN JUST AS WELL BUY AT HOME?

Berlin bankers. Through them manufacturers of those countries were enabled to practically monopolize trade. The breaking out of the war threw South American finances into utter confusion and made it necessary for a complete reorganization of banking connections. Until this was done, South America was helpless. She was unable to buy what she needed because she could not pay. American bankers, particularly those of New York, saw the opportunity, and they have been cautiously reaching out and picking up scattered threads that were formerly controlled by London and Berlin bankers. As this was accomplished, American manufacturers were enabled to extend their trade in Latin-American and this trade is bound to grow in volume and permanency, regardless of how soon or how distant may be the termination of the great war.

America should rejoice at the gradual development of our trade relations to the south. It shows that a rich field is within our grasp and it will be maintained against the world if care be but taken to meet the peculiar needs and conditions, both in goods and in finance, incident to our Southern neighbors.

GREAT WRITER DEAD.

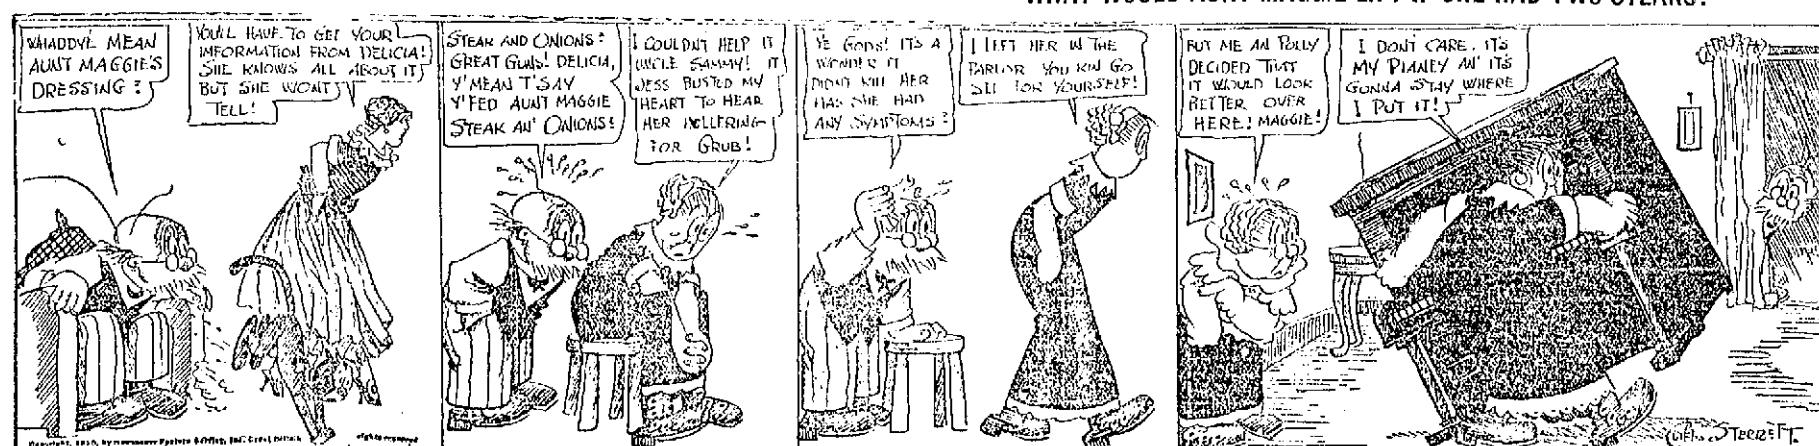

The world of literature lost a most entertaining, if not a really great, descriptive writer when Morgan Robertson died on Thursday. In all of his stories of the sea, Robertson had no superior among living authors when it came to making his readers see and live with the men who sail the deep. He knew what he was talking about. He had been a sailor before the mast and he had been an officer. He had sailed the seas in every climate and in all kinds of weather and he had the happy faculty of giving accurate descriptions that attracted and sustained the interest of the reader. In this, in our judgment, he was far superior to James B. Connally, another well known writer of sea tales, and his thrilling tales of stress and adventure rival, if they do not surpass those of Cooper.

Mr. Robertson's practical knowledge of sea affairs was shown by the fact that he was the inventor of the improved periscope now used by submarines of the world, and which add so much to their deadly effectiveness.

Reading about starvation prevailing in Persia we wonder how our fellow countrymen over in Tibet are faring? Won't somebody start a subscription for them on general principles? The local Tibetans will, we are sure, be willing to act as fiscal agents for the fund.

It was astonishing how so many of our prominent citizens dropped around down to the court house Thursday to have a little talk with the grand jury about various matters. Our natural overpowering curiosity makes us wonder why they were there, but the grand jury can't tell us and the other fellows won't.

Diamonds that bear close inspection

Two things are very important in buying Diamonds—Quality and the Price. Good Quality is the element mostly admired in a Diamond, while the Right Price assures you that it will always be worth as much or more than you paid for it. You will be sure of both if you buy it here.

Quality Diamonds Are A Safe Investment

The records prove conclusively that Diamonds have never depreciated in value during any panic or war, while the price has more than doubled in the space of a few years.

We are advised through our importers, that conditions are favorable to a further rise in prices very shortly. Better invest your money now while general price will be

Mrs. Philip Wickerham and Mr. Clyde Knost, assisted by Miss Erna Lindenmeyer, will give an organ and piano recital the third week in April, at the German Evangelical church, for the benefit of the new Sunday school.

Mr. and Mrs. V. V. Douley, of 1967 Grandview avenue, are the proud parents of a baby girl born Tuesday at their home.

Mrs. L. P. Huldenham and Miss Helen Huldenham will arrive home tonight from Cleveland.

Yvonne Morris and Dee York are spending a few days with friends in Huntington.

LOCAL FIRM HAS AGENCY

If you have upread the ad on Page 63 of Saturday Evening Post it will pay you to do so. Then telephone Frost & Blane, No. 93.

The Misses Georgia and Margaret Kilbey and William Wright spent Thursday at McDermott, guests of Miss Mildred Waller.

Miss Theodora Moore, of this city, is the guest of her aunt, Mrs. S. M. Humphreys, of Maysville.

Mrs. John Sullivan, of Buena Vista, was in the city shopping Thursday.

Mrs. J. T. Bruce and Miss Sara Miller will have as Easter guests Mrs. Elizabeth Bruce and Miss Leila Boulley, of Kenova.

Miss Marjorie Purcell will come home Monday morning from Lynchburg, Va., where she has been visiting her sister, Mrs. John Doniphon Owen.

Mrs. J. T. Bruce and son, James, spent Thursday at the home of Mrs. Elizabeth Bruce in Kenova.

Miss Grace Morris, daughter of Mr. and Mrs. J. F. Morris, who attends school at Goucher College, Baltimore, Md., has gone to Steelton, Pa., to spend her spring vacation with her grandmother, Mrs. Morris. Miss Morris will be graduated from Goucher College the first week in June, when Mr. and Mrs. Morris will go on to the commencement exercises.

Mr. and Mrs. J. J. Cranston entertained with a six o'clock dinner last evening at their home on Eighth street, in celebration of the twenty-first birthday anniversary of their daughter, Miss Edie Cranston.

The decorations were in the pink and white color tone, with white carnations as favors. The menu was prettily served in two glasses to Misses Muriel Stroek, Violet Cunningham, Mary Dupre, Marjorie Jenkins, Alma Coverston, Edie Cranston, Mary Williams and Jessie Cranston.

Miss Nell Johnson has returned from Cincinnati, where she attended the spring openings. She found Pogue's store being very much enlarged and entirely remodeled.

The women of Section Four of the Womans Union of the First Christian church enjoyed themselves with glory Thursday afternoon, when at the home of Mrs. Millie Black, of Campbell avenue, they entertained the entire union in monthly business and social session. The meeting was attended by upwards of 15 members, and the session, which was an enthusiastic one, was happily climaxed by the serving of delicious refreshments.

A very interesting letter from the former pastor, Rev. Crayton S. Brooks, was read, and the spirit of the commitment was enjoyed by the large crowd present, everyone of whom held Rev. Brooks in the highest esteem. The president, Mrs. J. H. Wilson, was present and the reports made to her show the Union has almost \$100,000 on deposit in the banks and that not a single penny of indebtedness was outstanding.

The Union is in splendid shape and the new pastor, Rev. Charles Oakley, of Mansfield, who assumes charge of the local pastorate on April 18, will find the union a valuable aid to him, as did Rev. Brooks during his ministry.

Mr. Roger Selly, assisted by his sister-in-law, Mrs. P. E. Selly, entertained at six o'clock dinner Wednesday evening at the home of his parents, Mr. and Mrs. G. H. Selly, on Gallia avenue. The guests were the fordladies and their companion of the Selly factory, Misses Edie Potts, Koko Molster, Orra Lindsay, Berlin Pray, Flora Rich, Anna Zisler, Floy Hammond, Wilma Hart, Mr. J. Adam Burkell, Mrs. P. E. Selly, little Misses Gladys and May Louise Selly.

The Kensington Circle of the Central Presbyterian church held an enjoyable meeting yesterday afternoon at the home of Mrs. Alva Chalot, on Third street, where there were about twenty-five present. Afterneedlework was followed by refreshments. The next meeting will be held at the home of Mrs. E. B. Garfield, on North Waller street.

Mrs. Dave Bush entertained the members of the L. A. to O. B. C. yesterday afternoon at her home on High street, where there were about a dozen members and three visitors present. The afternoon's pleasure closed with refreshments. This is the first of a series of house calls to be given by the auxiliary on the last Thursday of each month. The place for the next meeting was not decided.

Mr. Norman Mark Young came home yesterday from Cincinnati.

DO YOU KNOW?

How many pounds of meat you lose in cooking?

That you get only six or seven pounds out of every ten that you cook?

That with an Eco-Thermal you get eight or nine pounds out of every ten you cook?

That tough meats have as much or more food value than the tender cuts?

That the Eco-Thermal cooks a tough, round steak so tender that you can eat it with a spoon?

That the Eco-Thermal is a COMPLETE stove, and that it will do better cooking with less fuel and with less attention than any other cooking device in the world?

HOBO MURDER PLOT TAKES ANOTHER VICTIM

C. & O. Detective Shot Through Head; Suspects Are Held

Another victim was added to the growing list of railway detectives wounded while in discharge of their duties when L. D. Johnson, a C. & O. special agent, was shot through the forehead in the C. & O. yards at Silver Grove, 13 miles east of Cincinnati Thursday night at 9 o'clock.

Johnson had surprised some robbers breaking into a box car when they turned on him and after perhaps fatally wounding him succeeded in making their escape though fellow officers later arrested two hoboes who were held as suspects.

Victim Is Known Here

Johnson was removed to the C. & O. branch hospital at Dayton, Ky., but no reports were obtainable as to his condition Friday morning. Johnson is well known to the local police. He was here a few days ago on a hunt of a Kentuckian wanted on a grand larceny charge and when the police first heard of the shooting and having several exciting chases

other suspects.

Coming right as it does on the heels of the shooting of George Lenz, a C. & O. detective, by a negro hobo in the yards at Handley, W. Va., last week, and Thursday night's near-tragedy has naturally caused big hurry all along the line of the C. & O. railway and every effort will be made to bring the guilty parties to justice.

The series of shootings of the winter seem to bear out the stories of hoboes having de creed and plotted last fall to kill off all officers who interfered with them in any way. Officers themselves give credence to the stories and seemed to realize that they are marked for slaughter.

First of The Victims

The first to feel the effect of the conspiracy was L. L. Scherer, general claim agent of the C. & O. railway, who was shot by negro tramps near Covington, Va., last November. He hovered between life and death for many weeks. A negro later was arrested and confessed to the shooting. Then came the atrocious murder of Detective Baucus which stirred this whole community. Some weeks later J. Blieu, a B. & O. S. W. detective, was found murdered under a viaduct about 100 feet from

Victims Of Alleged Hobo Plot To Kill

Luther L. Scherer, general claim agent of C. & O. railway, shot through back and lower intestines by car thief at Malvern, Va., December 3, 1914. Recovered from his wounds, William Reynolds, alias "Midnight Kid," a negro ex-convict, confessed to shooting few weeks later.

James A. Baucus, local N. & W. detective, shot through head and instantly killed in N. & W. yards short distance east of Kendall avenue crossing, Sunday night, December 6, 1914, by one of three men he had surprised entering a box car. While a number of suspects were arrested, none was ever convicted of the crime.

J. Blieu, better known as "Rube" Blieu, a B. & O. S. W. detective and former lieutenant of the B. & O. S. W. police, found murdered under a viaduct between Cummingsville and the Union stock yards, Cincinnati, February 16, 1915. Murderer never caught.

George Lenz, a C. & O. detective, shot and seriously wounded by a negro car robber in the C. & O. yards at Handley, W. Va., March 18, 1915. Still laid up at the Sheltering Arms hospital in Clifton Forge, Va. Murderer escaped but an alleged accomplice, a negro named Carson, was badly wounded by Lenz.

Buck Johnson, a C. & O. detective, shot through the head and perhaps fatally wounded by a car thief he surprised in the C. & O. yards at Silver Grove, Ky., March 26, 1915. Now at C. & O. branch hospital in Dayton, Ky. Two hoboes under arrest as suspects.

The B. & O. stockyard round house in Cincinnati.

Detective Lenz of the C. & O. was shot last Thursday night and is still in the Sheltering Arms hospital at Clifton Forge, Va. The gun-user escaped but an accomplice, a negro named Carson, whom Lenz wounded is still in a serious condition. Lenz himself following the shooting of Scherer and Baucus gave out a story that he had received reliable information that hoboes had prepared a death list containing 12 names of officers and that he was one of the dozen.

Concerning the tragedy, the Cincinnati Enquirer says:

"Leslie D. 'Buck' Johnson, 28, a special agent in the employ of the C. and O. Railroad company, residing at 1211 Russell street, Covington, was shot and probably fatally wounded last night while making his rounds in the railroad yards at Silver Grove, Ky., about eight miles above Newport. All indications point to the fact that Johnson was the victim of car thieves who have been active in the yards for several months.

"The fact that Johnson had been shot was discovered by Conductor Standard Mitchell. The latter had just prepared to take out an eastbound freight train, and shortly after ten o'clock was walking back to the rear of his train to see that everything was all right. He had reached a point near the foot of the 'hump' in Yard No. 4, when he came across a box car that was lying open near a box car. Examination disclosed that the box had been taken from one of the cars that was open.

"He continued his walk back, intending to notify the yardmaster that car thieves were at work, and had proceeded several car lengths further when he heard a noise and found Johnson lying close to the train. He called other railroad employees, and

it was then found that the detective had been shot in the forehead, just over the right eye.

"Johnson was placed upon a special engine and hurried to Speers Hospital, where late last night it was stated that he would die before morning. Drs. Garrison and Young were placed in charge of his case. Johnson was unconscious, and no statement could be secured from him.

"Shortly before Johnson's body was found two shots were heard by the railroad employees working in the yards. Not much attention was paid, as railroad turbines are often exploded to warn approaching trains. As soon as Sheriff Gasney was notified of the tragedy he, with Deputies Ingold and Drane and County Patrolmen Marquard and Hoskins, went to the scene in an automobile.

"It is the theory of those who are working on the case that Johnson came upon car thieves while they were at work robbing one of the cars of a manifest train, and shots were exchanged, for only one cylinder of the detective's revolver had a discharged cartridge in it. The officer is married and has a wife and two children.

"The shooting of Johnson recalls the murder of Cleveland Kemp, another C. & O. railroad officer, who was killed by a blow with a pick handle in the same yards in June, 1914. His body was found in a heap of cinders alongside of one of the tracks on the morning of June 7. His revolver had not been discharged, indicating that his murderers had not given him a chance for his life, but had struck him down from behind. No clue was ever secured as to the identity of his assailants."

"He continued his walk back, intending to notify the yardmaster that car thieves were at work, and had proceeded several car lengths further when he heard a noise and found Johnson lying close to the train. He called other railroad employees, and

WOMEN WHO ARE ALWAYS TIRED

May Find Help in This Letter.

Swan Creek, Mich.—"I cannot speak too highly of your remedies. When through neglect or overwork I get run down and my appetite is poor and I have that weak, languid, always tired feeling, I get a bottle of Lydia E. Pinkham's Vegetable Compound, and it builds me up, gives me strength, and restores me to perfect health again. It is truly a great blessing to women, and I cannot speak too highly of it. I take pleasure in recommending it to others."—Mrs. ANNE CAMERON, R.F.D., No. 1, Swan Creek, Michigan.

SALOONS AT GALLIPOLIS

Huntington, W. Va., March 26.—If the Boyd county, Kentucky, "dry" register a victory in June when the local option election takes place, the next hope of Huntington thirsty ones lies in Gallipolis, where the county board of license commissioners acted favorably on eleven out of nineteen applications made to them yesterday morning. It was the first action taken by the board since the county joined the "wet" column last fall in the local option election. The saloons will open this morning and a thirst, cherished for several years, will have its first chance to be quenched.

Arraigned Saturday

Arraignment of these prisoners in the county jail indicated by the grand jury at the conclusion of its special session Thursday evening will take place before Judge Thomas common pleas court Saturday morning at nine o'clock.

Sheriff Smith served all of them with copies of the indictment returned against them Friday morning, and they will be given an opportunity to enter their pleas Saturday morning. They include all of the indictments made public. None of the secret indictments were made public Friday, and it will probably be a few days before they will be made known.

CAED OF THANKS

We wish to thank our friends and also employees and employees of the American Steam Laundry and the Tights of Ben Hays, for their sympathy and kindness shown during the illness and death of Miss Anna Davis.

LITTLE PIMPLES ON CHILD'S FACE

Itched and Child Scratched. Could Not Leave Them Alone. Something Terrible. Used Cuticura. In Month Child Was Healed.

Meie Beard Mich. "My little daughter was nearly two years old when she had little pimples come on her face. It was just a little red bunch when it first started. I think they must have itched for she would scratch them until they would get so large, nearly as large as a ten-cent piece. It seemed as if the poor girl could not leave them alone. If we held her hands she would try to rub her face on something else. It was just terrible. I tried most everything I could think of and everything anybody told me to use and nothing would help her. I decided to get Cuticura Soap and Ointment and before I had used them one week I could see they were healing. Before a month was up you could never know the child had ever had any sore on her face." BATTLESHIP GEORGIA TO YUCATAN

Washington, March 26.—The battleship Georgia was due at Progreso, Yucatan, today to co-operate with the cruiser Des Moines in guarding foreign interests and maintaining an open port for the shipment of sisal hemp urgently needed in the United States for the manufacture of binder twine.

WAR BRIEFS

Amsterdam, March 26.—Via London.—A dispatch from Berlin printed by the Telegraph states that the Russian city of Lodz has been ordered by the German military authorities to pay a war tax of 500,000 rubles (\$250,000).

Paris, March 26.—The fall of Przemysl has caused a sensation in Bucharest and resulted in increased popular clamor that Rumania enter the war on the side of the allies, according to a dispatch from the correspondent of the Petit Parisien.

LAW IS UPHELD

Dothan, Ala., March 26.—The new Alabama law prohibiting publication of liquor advertisements in newspapers or sold in the state was upheld today by Chancellor W. R. Chapman. Chancellor Chapman held that the law was a valid exercise of the police powers of the state.

Why Buy At Home

Al Wilhelm, well known traveling salesman, sends The Times the following interesting article on "Why Buy At Home:"

Because my interests are here.

Because the merchant I buy from helps support our poor and needy; our schools; our churches; our lodges, and homes.

Because if ill luck, misfortune or bereavement comes, the merchant I buy from is here with his kindly expression of greeting, his words of cheer, and if needed, his pocketbook.

Because it builds our beautiful city and tends to increase the value of all property and real estate.

Let us make this town a good place in which to work and live. It's easy and certain if everyone will do his share.

The dollar sent away seldom returns, while money spent at home is not left to leave a scrapling at your door.

Bestowal Of Jewels On Past Masters An Inspiring Event

Aurora Lodge, No. 48, F. & A. M., with its century of history and tradition, never witnessed a more inspiring scene than when fifteen of its beloved past masters were decorated with the jewels of service at a special meeting of the lodge Thursday evening.

Added dignity was lent to the occasion by the presence of George Marshall, of Dayton, Grand Master of Ohio, who made the presentation speech on behalf of Aurora Lodge.

Response on behalf of the past masters thus honored was made by John A. Ives, one of their

members, whose acceptance was delivered with feeling and emotion, expressive of the sentiments felt by his associates.

As Grand Master Marshall called the honor roll, the beautiful gold jewels were pinned on the lapels of the coats by Hugh Lynch, district lecturer, of Chillicothe, and George C. McClure, worshipful master of Aurora Lodge.

When the last one had been pinned on the large crowd present burst into loud applause, which lasted several seconds.

The past masters and officers, in full evening dress, presented an attractive picture, as they sat on the raised platform in the lodge room. The crowd on the floor of the lodge was so great that several rows of chairs had to be placed around the room to accommodate those who wanted to gain admission.

Espcial honor was meted out to two of the past masters, R. W. Purdon, 1874-1877; Frank B. Kehoe, 1886; D. B. Thurlow, 1889; A. J. Fuller, 1890 to 1891; Edgar J. Draper, 1892; John A. Ives, 1893; C. F. Vincent, 1894 to 1895; J. S. Dodge, 1896; W. B. Altsman, 1897; J. S. Hardin, 1898; H. G. Bryan, 1899; George P. Roberts, 1901 to 1905; Henry Scott, Jr., 1906 to 1907; F. M. Buggs, 1908 to 1909; Harry Johnson, 1910; E. B. Campbell, 1911. J. S. Dodge was the only absentee among the number.

The present officers of Aurora Lodge are: George C. McClure, worshipful master; Sheppard Johnson, senior warden; Fred B. Winter, junior warden; A. J. Fuller, secretary; W. C. Sileox, treasurer; H. M. Baker, senior deacon; John E. Millard, junior deacon; A. J. Reinhard, tyler.

Credit for the success of the evening's program is due to the excellent committee of past masters, composed of D. A. Grimes, William E. Clayton and J. D. Creveling, who arranged it and then carried it to satisfactory completion.

Secretary Fuller's historical sketch of the lodge is printed in full below:

"In glancing over the history of Masonry in Portsmouth we find that Aurora Lodge is closely allied with that of the city, in a word, the early membership of this lodge—the men who organized and maintained it, were the same men, who in a large measure have contributed to the making of our present beautiful city."

"Time will not permit me to make any specific mention of the activities of these men in civic affairs. You who are interested in the early history of Portsmouth and Aurora Lodge, will find the names of Capt. Shackford, who gave the name to our city; Samuel Gurn, Marcus Bosworth, Moses Gregory, Juan Offshore, A. M. Damarin, Martin Kohoe, William Salters, Jonathan Cutler, Erastus Burr, Washington Kimney and many other prominent men of their time were not only honored as Masons, but as citizens who labored for the upbuilding of Masonry and citizenship as well. As a city and a lodge, we owe much to these heroes of ancient times."

"The first Grand Lodge of Free Masons in the state of Ohio was organized in 1808. Ten years later, I find on the minutes of Aurora Lodge No. 48, a copy of a letter given in reply to the request of the following brethren located in the town of Portsmouth and vicinity, viz.: Ezra Osborn, Samuel Gump, Nathan K. Clough, William Dally, George Clark, Robert Scott, Silas Cole and William Oldfield, that a dispensation be granted them to organize a lodge of Free and Accepted Masons in the town of Portsmouth. The letter reads in part as follows:

"To the name of the Holy Craft, Henry Brush, Grand Master of the Grand Lodge of Ohio, sendeth greetings:

"Whereas, a number of Ancient York Masons residing in the town and vicinity of Portsmouth, between the inspection and after-ceremonies, the ladies of the Bigelow M. E. Ladies' Aid society served a tempting banquet, which was one of the most enjoyable features of the evening. Over

being desirous to inculcate the principles and to extend the benefit of the Royal Arch have prayed that a dispensation might be issued authorizing them to congregate together as a regular lodge. Now, therefore, know ye, that in compliance with the said petition I have established and do hereby establish a lodge of Ancient Masons to be held in the said town of Portsmouth; to be dominated Aurora Lodge No. 48, and I do hereby appoint Brother Ezra Osborn to be the first Master, Brother Nathan K. Clough to be the first Senior Warden and Brother George Clark to be the first Junior Warden.

"This dispensation to remain in force until the next meeting of the Grand Lodge.

Granted Charter
Ninety-Seven Years Ago

"On September 21, 1818, the Grand Master being present these officers as named were publicly installed at the court house which stood in the middle of Market street near Second.

"While I do not believe that Aurora Lodge continued to work under dispensation until the date of our charter, which was granted October 17, 1839, yet, I find no mention of it having been received at an earlier date.

"The officers of 1820, however,

were elected and installed in due form and the date of December 15, 1820, is frequently used as the date when the charter was granted.

"Unfortunately the records of the lodge from 1829 to 1855 have never been in my possession and are probably lost. The first meeting place of our brethren was in what was then known as the McDowell building, of Front and Market streets, at that time the extreme east end of the town. The building is now occupied by Sommer Brothers and the Washington Hotel company.

"The rooms were occupied by the lodge until about the year 1831 when the brethren being desirous of getting a more central location in the city rented rooms

in the residence of Brother Jas. Lindwick which was located on Front street between Madison and Muscat streets. Here they remained for some years and then moved to the brick building which stood near the Market street entrance of the present Washington hotel.

"A few years later, about 1853, they moved into the Cook building on the west side of Market street between Second and Third streets.

"The membership of the lodge, during this time had increased but little, remaining at about forty Master Masons.

"Early in the year 1854, our brethren, becoming weary of moving from place to place determined to secure a home of their own and after considering a plan to add a fourth story to the Masonic block, then being built at the corner of Second and Market streets, decided that it would not be advisable as the committee appointed to prepare a tentative estimate reported adversely. It was then decided to erect a building at the corner of Third and Washington streets and a committee consisting of Francis Cleveland, F. G. Lloyd, George Stevenson, J. J. Appler and S. S. Fuller, was appointed to solicit funds.

"The building committee dis-

covered that they did not have sufficient funds to complete first story. However, with money obtained from the lodge and chapter the first story walls were completed, joists laid and then covered with boards when the work ceased.

"In 1857 they borrowed enough

money from Brother Thomas Dugan to complete the walls, placed windows in and roof on. In 1858 they succeeded in securing a five year lease from the Hebrew congregation who agreed to pay two years in advance and with the money obtained they completed the south room. The lodge moved in at last feeling that they had a home of their own. Their indebtedness was so great, however, that it was not entirely completed until 1866 and to do this, they were compelled to give Brother Dugan a mortgage on the building for \$2,700, and later the first and second stories on the north side were sold to the Hebrew congregation, to satisfy this mortgage. In 1893, at an expense of about \$1,300, the entire top floor was occupied and remodeled, making, we then considered a very comfortable home.

"Aurora Lodge remained hap-

"It has been said by our retiring M. W. Grand Master that no building erected for Masonic purposes has ever been abandoned or vacated unless it was for the purpose of securing something better, and thus we find that as early as 1890 the brethren of Aurora Lodge began to think and talk of securing a location for a better home.

MASONIC TEMPLE BLDG.

CHILlicothe Street at Fourth

though occupied by the fraternity at an early date, the formal dedication did not take place until October 25, 1906, when Allen Andrews, M. W. Grand Master, and a corps of officers selected from among our local brethren, formed a Grand Lodge and with great impressiveness and solemnity performed the dedicatory ceremonies.

"A quartet consisting of Brothers Knox, Burk, Martin and Brandon furnished the music on this occasion, and thus after many years of work and struggle, this beautiful edifice was at last completed.

"Using the words of another may I say:

"My brethren, see to it that it stands here a temple erected to God, and devoted to the love of truth and honor, manliness, nobility of character. Mark well, and let none enter except such as are worthy and well qualified, and now my brethren after many years of striving and saving, the last indebtedness of Aurora Lodge has been paid and we are free from debt, this home is ours; may we not rejoice and be glad, and look forward with the full expectation of a prosperous future, and hope and trust that no burdensome debt will ever again be placed upon us, and with this hope in my heart. Worshipful Master I now present you with the last note, the last evidence of the indebtedness of the Aurora Lodge, and may it be burned to

ashes and those ashes scattered to the four winds of heaven that no more remembrance may be had of it among men or Masons forever."

George E. Kricker Duck Pin Champ

At a meeting of the duck pin rollers of this fair city to be held within the near future, the "bankers" championship, held by Wells A. Hutchins for a considerable length of time, will be awarded to George E. Kricker, as a result of his big score, 156, which he made at the Play House last night, made it, too, in the presence of a host of witnesses, every one of whom voted for his honesty and veracity. Mr. Hutchins, who has held the bankers' championship for some time, or since he had run up his score of 148, was not present when Mr. Kricker placed his big score high and dry. But it is thought he will surrender the pin with considerable grace as he is a genuine, thoroughbred sportsman, and one who

can accept defeat gracefully or win with a smile. Mr. Kricker has all along claimed that he would spike the guns of Mr. Hutchins and do most surely had his longing last night when he triumphed the rubber neck pins for the huge total of 156, a score that is hard to equate and still harder to beat.

Mr. Hutchins declares, however, that what Mr. Kricker has done he can do and he proposes from now on to range his guns for a score of 166.

The game of duck pins has a great hold on Portsmouth. In fact it looks as though next year at least two duck pin leagues will be formed, so strong are the men of Portsmouth for this particular game.

But right now it is off to George E. Kricker, champion of his class.

REFEREE NOT NAMED FOR BIG FIGHT

Havana, March 26.—Selection of a referee for the heavyweight championship fight on April 4 between Jack Johnson and Jess Willard was brought up today.

The list contains the names of the best known referees in the United States, including Charley White, Billie Roche and Sam Austin of New York;

Jack Welsh of San Francisco, Billy Reichen, of Philadelphia, Ed Cochrane, of Kansas City and Otto Pfeifer of Denver.

Johnson and Willard studied the list but expressed no preference.

There is considerable interest in the betting, but thus far comparatively few wagers have actually been laid. The largest to date is \$1,500 on Johnson to 500 on Willard.

He claims that the rates Ohio, and formerly a partner of the post office in the office showed the fare the Fugue Zimmerman in excess to Hunden to be \$2.50. The ticket \$100 and bus fare, in the plain agent demanded \$2.50, and when Hunden and the R. & W. Railroad Willis protested that the printed Company is defendant.

"Willis raises the point that he declared this was a misprint. He railway company cannot charge further insulted and humiliated more than the least rate of fare, him, Willis charges. He finally had must post these rates in its ticket to pay \$2.50 for the ticket, he says office, and is to reduce them, and so he says for \$150 damages imposed. He only asks nominal damages through Attorneys Bruce & Bruce.

FIRST ELECTION 100 YEARS AGO

Editor of The Times does not say much more than the general election under the first charter of Portsmouth was held 100 years ago this month, March 1811. The first charter of this city was granted by special act of the legislature December 1811, and the first election was held the following March 11. The first commissioners were elected at this time. There were two meetings of the election, the first one being in 1811. I received this information on a visit to Cape N. W. Ireland, where the senior in the local law school,

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't stay gray! Here's a simple
recipe that anybody can apply
with a hair brush:

The use of Sage and Sulphur for
restoring faded, gray hair to its natural
color often turns gray to brown. Gaze
use it to keep her hair beautifully
dark, strong and abundant. Whenever
her hair falls out or looks thin, dull,
faded or streaked appearance, this simple
elixir was applied with wonderful
effect.

But brewing at home is messy and
out-of-date. Nowadays, by getting at
any drug store, for a 50 cent bottle of
"Wright's Sage and Sulphur Compound,"
you will get this famous old
recipe which can be depended upon
to restore natural color and beauty to the
hair and is splendid for dandruff, dry,
friable, itchy scalp and falling hair.

A well-known downtown druggist says
it darkens the hair so naturally and
evenly that nobody can tell it has been
applied. You simply dampen a sponge
or soft brush with it and draw this
through your hair, taking one strand at
a time. By morning the gray disappears
and after another application or two, it becomes beautifuly dark, glossy
soft and abundant.

State Report May Halt The Work On Proposed Sewer

A report just received by the city from the State Board of Health, may temporarily block the construction of the proposed Lawson Run trunk sewer and tie up the Cecil S. Miller combination sewer. Bids for the contract of constructing the latter were to have been opened Saturday. Following is the report:

Columbus, O., Mar. 24, 1915.

Mr. Adam Freck, Mayor

Portsmouth, Ohio

Dear Sir:

On March 17, 1915, one of our assistant engineers visited Portsmouth at your request for the purpose of making a preliminary investigation relative to proposed sewage improvements.

It was learned that you contemplate the construction of a combined sewer to enclose Lawson Run and to receive domestic sewage.

BREAKS A COLD, OPENS CLOGGED HEAD AND NOSE

Relief comes instantly.

A dose taken every two hours until three doses are taken will stop clogged nostrils and break up a severe cold either in the head, chest, body or lungs.

It promptly opens clogged-up nostrils and all passages in the head stops noisy discharge or nose running applies side head, chest, collar, leverishness, sore throat, sneezing, soreness and cough.

Kindly advise me as soon as this matter has been given your consideration and a decision reached as to the procedure to be followed.

Yours truly,

E. F. McCAMPBELL,
Secretary and Executive Officer.

SAVE YOUR HAIR! IF FALLING OUT OR DANDRUFF-25 CENT DANDERINE

Thin, brittle, colorless and scraggy hair is sure evidence of a neglected scalp; of dandruff—that awful scalp.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—anytime will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that fine, lustre and luxuriance which is so beautiful. It will begin wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be better just a few weeks' use, when you will actually see a lot of fine, flowing hair—new hair—growing all over the scalp.

WILL BEGIN REVIVAL AT "CENTRAL" CHURCH

The Rev. R. B. Cartwright will begin a series of sermons at the Central Presbyterian church Sunday evening. "Corrupt and Contented" Tuesday evening. "It is Worth While" Wednesday evening. "God's Special Interest" Thursday night. "Is It Nothing to You?" Friday evening. "The Risen Christ" Sunday morning and "Saved Fragments" Sunday evening.

Marien Garrison, Earl Manly, Willard Ruek, Raymond Lewis, Alfred Millard, Franklin Smith, Hazel Brasie, Clarence Brealey, Frank Solvers, Homer Church and Carl Walker.

Attention Trinity Scouts

All Boy Scouts of the Trinity Troop are requested to assemble in the basement of the church tonight at 6:30 o'clock. From here they will march in a body to the auditorium of the church to attend the revival services.

A First Class Hike

(By W. E. Lakeman.)

At 5:30 Thursday morning, about forty Boy Scouts assembled at the forty boat house to go on a hike to Lombardsville. Everything ready, we started down the river road. Mr. Kinsey and a boy who had been to Lombardsville before told us that it was quite a large town and that they had several moving picture shows. Homer Church wanted to borrow a nickel to go to a picture show when we got there. In less than an hour we turned off the pike and went up Careys Run. At 10:00 o'clock we came in the foot of Cut Rock's Hill. Mr. Kinsey told us that a famous Indian fighter named Carey, for whom Careys Run had been named, was killed here. When we reached the top of this hill we came to Cut Rock's, a place where the rocks had been cut to make a road. We stopped here to rest while Fred Mutter took our pictures. Some of the boys who had to pass newspaper came back. We then walked on for a few miles and came to a cross-roads. We stopped and cooked our dinners. Mr. Kinsey and a few boys had their dinners already cooked and they went on ahead. About a dozen of us stayed behind and finished cooking our meals. There were eggs, coffee, soup, hunters' stew, bacon, apples, lemonade and beans. We all ate as much as we could. We went on and at last reached a school house. The other Scouts were waiting for us in front of the school house. The school children were having recess, and one of them said, "The soldiers are coming!" when he saw the Scout uniform. We walked several miles, and came to a cross-roads and we did not know which road to take. A man told us that the shortest road was the road to the right. After going about one mile we branched to a foot-path going up a steep hill. We lost the path and had to walk through a lot of thorns and bushes. We finally reached Dry Run and then the pike. After about two hours we reached the Pekin. We had walked about thirty miles. Those along were M. H. E. Kinsey, Scout Commissioner, Raymond Howman, Raymond McWilliams, Robert Lanning, Frank Lanning, William Lakeman, Sam Nash, Thomas Crapper, Jackson Crapper, Fay Cleverger, Ralph Doerr, Armin Lindenmeyer, Clarence Starlin, Freshell Wright, Richard Knost, George Holt, Fred Mutter, Paul Ellington, Paul Schirrmann, Harry Kahl, Richard Bingham, Gerald Crooks, Zachary Fugitt, Russell Williams, Orrison Mills, Paul Bode,

WOMAN'S NIGHT WAS OBSERVED AT TRINITY

To Call On Magnolia

Following the meeting of the Massic Lodge No. 115, K. of P. held Thursday night and adopted by-laws. The Chancellors agreed to meet with Magnolia Lodge K. of P. on April 5. P. E. Roush was to have been given the third degree last night but the ritual work was deferred until the next meeting.

Partition Suit

Suit in partition was filed in common pleas court Friday by Attorney Mark Crawford, representing Oscar Clark and Mary E. Orlinow, against James Clark, George Clark, Charles Clark and Minnie E. Ryerson. The plaintiffs aver that they are owners of a one-fifth part of 48 acres in Jefferson township, as heirs-at-law of Fatima Clark, deceased, and that the several defendants are tenants in common with them. They want their interest set off to them in severalty, and ask that the property be ordered sold if the division can not be made without injury to the premises.

Naomi urged the two daughters to return to their own lands and one returns but Ruth shows the wonderful love that Naomi had inspired in her heart. What wonderful patience and training must Naomi show to this noble woman to have it respond so certain and sure.

"I will ask you what are you doing to inspire people to follow them into the life of Jesus Christ. Are you drawing people into the church by your true christian life, or are you by your false living driving people out of this church. Tonight you are making the choice of having Christ to rule your life or the devil to rule. You can not be indifferent on this subject one of the other must rule."

"Some women today are choosing the goddess of fashion and worshipping it. Some are choosing the goddess of social position and others the goddess of pleasure. And I will say that when you worship at the shrine of pleasure you will become the slave of the worst tyrant ever conceived. The pleasures of this life at best are only remorse and sorrow. But I

offer you the best friend and champion that woman ever had. Before the life of Jesus Christ woman was the down trodden slave of the passion of man. But every where that christianity has spread it has placed her on equal terms of love and companionship. Every woman should give her heart to Christ, her greatest friend. It is said that no town is better than its women and if any one should take a stand for Christ it is the woman.

"If I was a woman and a man asked me to become his wife, I would demand that he become a christian first. If he will not then the chances are he never will be a christian. Too many girls are afraid of losing a man by not demanding this important step.

"If you are a woman outside of Jesus Christ and want your husband to be a christian it is your solemn duty to give your life to Jesus Christ now and then lead him into this blessed life. And I say to you mothers that greatest and sweetest of all names how can you lead that boy or girl right to God my God."

could marry me, but I didn't answer him. But I do love him.

YOUR LITTLE FRIEND.

Dear little girl, you are not physically fit to marry, no matter what your parents say. If they don't want to support you any more try and get a job somewhere and earn enough for your keep until you are eighteen. You really are not in love with this man, and I doubt if he really loves you. If he does he will be willing to wait until you are eighteen, and give you a chance to find out if you care enough for him to marry him by that time.

Dear Dolly.—What do you think of a mother who is always trying to ruin her son's reputation? Do you not think that she is lacking in sense? He stays at home like a married man and she does not want him to keep company with any girl. And if he does she says awful things about her. He is a man of about twenty-six years and a good worker and he keeps his mother and keeps plenty for her to do with. This is true for I have lived here long enough to know and she doesn't care whether he gets along or not, and she tells lots of things that is not true. Do you think it would be wrong if he would leave her to do for herself? She pearly worries him to death. She has other children that could keep her just as well as he could. She can't get along with any of her neighbors. She will be good to your face and talk about you to your back, and she has you

to write his girl friend up in the paper.

WANT TO KNOW.

Some mothers have a way of holding a son all to themselves. They think they have a first and life interest in him. Still, if the young man doesn't object, you should worry? Is his duty to look after his mother, and I do not think very much of a person who would find fault with him for so doing. No matter what she says or does, she is still his mother and should be treated as such.

KITTY.

Petrograd was formerly St. Petersburg, Russia. Dr. Robert Bridges is the present poet laureate of England? And what is Andorra? I have had occasion to hear of these and have not been able to find out about them.

Petrograd was formerly St. Petersburg, Russia. Dr. Robert Bridges is the present poet laureate of England. He was appointed July 16, 1913, by King George V, to succeed the late Alfred Austin who died June 2, 1913 at the age of 77. Mr. Austin was appointed poet laureate in 1896 by Queen Victoria, as the successor to the late Lord Tennyson. Dr. Bridges is a retired physician and has written light volumes of verse. Among his shorter poems are "The Growth of Love," "Prometheus and Firefly," and "Eros and Psyche." Andorra is located on the border between France and Spain.

SOCIETY

Mrs. Charles Zull delightfully entertained half a dozen friends this afternoon with a thimble-party at her home on Offene street, followed by a dinner for the pleasure of their guest, Mrs. J. A. Allen, of Cincinnati. After dinner Mrs. Allen and her dinner guests will attend the organ recital at the Second Presbyterian church.

Mr. and Mrs. Henry T. Bannon have issued invitations to a dance on the evening of Tuesday, April eighth, at eight o'clock, at the Elk's parlor, for the pleasure of their daughter, Miss Elizabeth Bannon, and her guests. Miss Dorothy Bell, of New Rochelle, Long Island, and her cousin, Miss Rachael Gregg, of Hackensack, N. J.

Mr. and Mrs. J. E. Tener will entertain with a bridal dinner next Monday evening in honor of Miss Elizabeth Norris and fiance, Mr. Everett Wykoff, and their attendants, Miss Margaret Graf and Mr. Willis Shaged. The wedding will take place Tuesday evening, March 30th, at the home of the bride's parents, Mr. and Mrs. Walter Norris on Twelfth street.

Mrs. Lena Kline Reed will go to Columbus tomorrow to meet her daughter, Miss Evelyn Reed, who is coming home from Highland Hall, Hillsborough, Pa., for her spring vacation. They will arrive home to-morrow evening. Miss Reed will give us guest during vacation Miss Bettie Matthews, of Jackson.

Miss Olive Koehler, of Cincinnati, arrived today to visit the home of Miss Mary Varnpr, on Timmons avenue.

Parisian Stage 7 surely makes dull, lifeless and faded hair glossy, soft and fluffy. Just one application removes every bit of dandruff and stops itching scalp. A large bottle costs but a trifle at Wurster Bros.

The Jewish Relief Katchi was entertained yesterday afternoon at the home of Mrs. Felix Hans, on Fifth street. At cards Mrs. Max Hans won a pair of pretty guest towels. A delicious lunch followed the game. Mrs. A. Schapiro will be hostess at the next meeting.

Mrs. Ellen Stanton, who has been quite ill for the past month, is getting better and will soon be able to be up.

Mrs. Miriam Fells Hart, of Marietta, will present a dramatic recital, "The Melting Pot," at Bigelow Methodist church on the evening of April 8th, for the benefit of the organ fund.

Rev. and Mrs. Lindemann's guest, Mr. Oschenbach, left yesterday for his home in Amherst.

Mrs. Bernard Heid entertained a few children of the neighborhood last evening with a popcorn party. Piano and violin music was rendered by Miss Marjorie Heid and Cyril Heid. Those present were Ruth Fairman, Laura Donaldson, Persis Flowers, Mildred Brown, Marjorie Heid, Roy Bonzo, Imboden, Howard, Lucien and Addison Hudson, Albert York, Richard Hopkins, Harold Reiniger and Cyril Heid.

The Frances Badger Guild of All Saints church met last evening at the home of Miss Mary Carlyle, Second street. There were ten members present. The Lenten sewing was finished and the box will be sent to Spencerville, Tenn.

Times Service Pattern 1220

1220. A dainty lounging sack or negligee.

Ladies' Dressing Sack.

This pretty style was made of white lawn figured in pink. The edges were bound with pink wash ribbon, and the closing effected at the side. A fancy button ornamented the front. The style is unique, simple and the model will make a comfortable sack, easy of adjustment and becoming. It could be developed in any pretty shade of French or Scotch flannel or in the pretty novelty crepes. Embroidered scalloping or feather stitching would be a pretty finish. The sleeve may be in either length illustrated. The pattern is cut in 3 sizes: Small, Medium and Large. It requires 2 1/2 yards of 36-inch material for a Medium size.

A pattern of this illustration mailed to any address on receipt of 10c in silver or stamps.

Orders for patterns are forwarded to New York to be filled, hence it requires several days for the pattern to reach the purchaser. Patterns can not be ordered by telephone. Do not use postage stamps for larger denominations than two cents.

CAUTION—Order adult pattern by number of pattern, giving bust measure for waist patterns, and waist measure for skirt patterns. For Misses and Children give number of pattern and age only.

COUPON

This pattern will be sent on receipt of 10 cents. Make number, name, address, etc., plain. Send to Pattern Department, Portsmouth Daily Times, Portsmouth, Ohio.

Rengo Belt Reducing Corset

The elastic webbing in Rengo Belt Corsets is one of the three chief reasons why stout and medium heavy women find their only lasting satisfaction in these now famous garments—an elastic freedom with reduction of the appearance of heaviness below the hips.

Another reason is the exclusive Rengo Belt feature over the abdomen which has straightened the front line without painful compression and thus given to stout and medium women the true style lines which fashion decrees for the slender woman.

Dear Dolly.—How can one flatten the neck? I am large every other way, yet my neck only measures 12 1/2 inches. My hands are also bony. How can I flatten them? SARA.

Try exercising the muscles of the neck by rolling the head on the shoulders from one side to the other, as far as possible, taking care not to strain the muscles. Do this 20 times a day, and, in addition, massage the neck freely

1ST PRESBYTERIANS TO OBSERVE PALM SUNDAY

The Sunday evening services at the First Presbyterian church next Sunday will be in special observance of Palm Sunday. The mixed quartette, composed of Mr. Boyd, Mrs. Lynn, Mrs. Storch and Mr. Schwartz, and the male quartette composed of Messrs. Boyd, Lacey, Kinsey and Schwartz will sing. Mrs. Roy Lynn will sing a solo.

The pastor will preach an ap-

propriate sermon "When The King Comes In."

Large crowds are attended these Sunday evening services, and great interest is being manifested.

Sunday morning the spring communion service will be held. This is the last Sunday of the church year and the new weekly offering envelopes will be given to all who have subscribed for the coming year which begins Easter Sunday.

PLAN TO STAGE TWO DEBATES

The Junior Order of United American Mechanics at their meeting Thursday night arranged for a debate, which will be held next Thursday night. The subject to be debated will be "Is It Resolved that Foreign Immigration Into This Country is a Greater Menace Than Intoxicating Liquors?" On Monday night April 3 the debating team of the lodge will go to New Boston and will

stage a debate with this order on the subject, "Is It Resolved, That Grant was a Greater General than Robert E. Lee?" The local debating team will take the negative side and the debaters will include C. B. Groninger, Irvin Bowser, John Beck and Arthur Blake.

On April 13 a big social session will be held. The committee on arrangements includes P. W. Quigley, Martin Crouch and Leslie Jacobs.

CHRISTIAN ENDEAVOR SOCIETY IS FORMED

At a meeting held in the Sevierville Presbyterian church Thursday night at which forty delegates from various Christian Endeavor Societies were present an organization which will be known as the Sevierville County Christian Endeavor Society was formed.

A committee composed of Miss Bertha Wilhelm of the First Presbyterian church, Lloyd Craden of the First Christian church, Drew Leedom of the Second Presbyterian and Cecil Carver of the Grand

view avenue church was named to draft by-laws and to prepare a constitution. C. B. Dowling acted as chairman of the meeting, which was full of interest. It was announced that later on the different Christian Endeavor societies in the city would be asked to join an organization that will be called the Sevierville County Christian Endeavor Union. An effort will also be made to form a Young People's Society, its organization being designed to promote civic work in the city.

Dr. Brodnac Made One Splendid Talk

"Freedom's True Level" was the subject of a splendid address Dr. J. T. Brodnac delivered to members of the Afro-American League at their semi-monthly meeting Thursday night. It was full of interest and was greatly appreciated. The induction was read by Rev. Grant Metcalf; Mrs. Ethel Cole rendered a piano solo; Miss Jeannette Carr sang a solo; George Lash rendered a violin solo and Mr. and Mrs. Edward Wilson sang a pretty duet. John W. Evans acted as chairman of the meeting.

Casey Jones, an ex-mechanic of Cleveland, was a guest and was called on for a talk and responded splendidly.

Dr. J. T. Brodnac, in his speech on "Freedom's True Level," said in part:

"In modesty I claim we are progressing. We are trying to catch up with the white man's best civilization—a civilization that has existed 2,000 years of his time in perfecting it, and we would most earnestly appeal to all fair-minded white men to charitably stand aside and let us go through when possible."

"Results and not resolutions are wished for in these strenuous days."

"The key of success is hidden beneath the door mat of perseverance."

league of hearts and hands for self-improvement and higher uplift, when each man's good shall be all men's aim."

"There is room enough in this country for a good many different kinds of people, and they will want and need various sorts of methods, ways and means to work out their salvation. An individual cannot live alone successfully and happily. Families cannot live alone. But association in communities, states and nations makes civilization with all its blessings and numerous problems."

"The negro solicits white friends who are fair, free, constructive and broad-minded, who can impart to us in brotherly co-operation the principles of an abiding, upbuilding civilization."

"If the negro is to be condemned

as being worthless and shiftless, and for not being able to command greater attention and progress faster under existing conditions, we must also condemn Emerson & Carlyle because their books do not sell in an age that is charmed with Robert Chambers. By the same token we must also condemn Beethoven and Bach because their music gets only a slight grip on an age that is fascinated with "On the Way to Mandalay" and "It's a Long Way to Tipperary," and other similar clowns."

"As the really educated and thinking white man grows in numbers, so disappears that prejudicial and unjust attitude towards the brother in black, for fundamentally all men are alike."

"This country owes no negro a living, but it does owe every negro a chance, an opportunity to earn, to improve, to expand, to rise to a higher level in honor, without acknowledgment of weakness or failure that lies in taking gifts. Opportunity is that with which God fully stocked this earth for man."

"The negro who is idle and is willing to work has been rebuked and chastised by some process of that which God created for him—opportunity."

"His rags and apparent shiftlessness has been put on him by society; his hunger, his frozen tears, his misery, his helplessness are weaknesses of our white brother's civilization."

NOTICE

To the Chief of Police—Pursuant to the complaint from a number of citizens with reference to children roller skating on sidewalks suggests the necessity that any such condition did exist would abandon the location. This information can only be obtained by first making the inquiry referred to.

If the children will show this consideration for those complaining, the most of the objection will have been cured for, and greater respect maintained for the youth.

Respectfully submitted,

CHILD IS BADLY SCARED AS MAN ENTERS HOUSE

Considerable excitement was created in Earlytown Friday morning by reports that a foreigner had attempted to assault Rachel Rose, 13-year-old step-daughter of Eli Sparks, an N. & W. terminal employee. The child ran screaming from the Sparks home at No. 310 Kendall Avenue, and soon a posse was formed and surrounded the foreigner until the arrival of Officers Brannon and Bonzo. Unable to speak a word of English, the foreigner was gesturing wildly in a painful effort to proclaim his innocence of any wrong doing. The man was hurried to police headquarters, and the interpreter, that in the future as he was unable to make himself understood, Chief W. T. McCarty enlisted the services of Martin Gail, the interpreter, at St. Strand's Salve store. He learned from the foreigner that he was a Hungarian named Carl Gobi, who had been in this country but one year, and had come to Portsmouth from Pennsylvania. He was seeking to reach the coal mining regions of West Virginia. He said he had merely entered the home to ask for a drink of water, but was unable to make his wants known. He broke down and sobbed bitterly in declaring he had intended no harm to the child, and was told by the chief, through the interpreter, that in the future as he was unable to make himself understood, he had better confine himself to

merely knocking at the door and never to enter a home, and he would be sure to save himself further trouble. With this advice he was dismissed from custody.

Officers found that the man had claimed to have seen a big revolver in one of his pockets, but a search

Martin Heller and Johnson Copper made application to the county licensing board Friday for a saloon license.

The applicants hope to engage in business in a one story frame building P. H. Harsham has agreed to erect for them at the lower end of his four mill lot on New Eighth street near Broadway.

Heller has for years been employed as bartender at Alf Ray's place and Frupper, who is a former saloonkeeper, has been working at the steel plant.

AMERICAN MISSIONARIES BEAT AND INSULTED BY TURKS

Tiflis, Russia, March 25 (Thursday 3 p. m. via Petrograd, March 26)—Turkish troops have committed further acts of violence at the American mission in Urumiah, Persia, according to a message received by the local viceroy from Gordon Paddock, the American consul at Tabriz. Mr. Paddock transmits a message from Missionary Robert M. Labaree, at Urumiah, to the effect that the Turkish consul at Urumiah forced his way into the mission compound with a number of Turkish regular troops and removed some Assyrian Christian refugees who were then massacred. The Turks also beat up and insulted the American missionaries.

U. S. SUBMARINE PROBABLY LOST IN HONOLULU HARBOR

HOLD NO HOPE FOR SAFETY OF CREW

Honolulu, March 26.—The government tug *Navajo*, which was assisted by another tug in dragging the bottom with grappling hooks, early today re窮eted its lines fast at a depth of thirty-five fathoms to what was believed to be submarine *F-4*, which had not been heard from since early yesterday, when she was submerged during target practice.

Other vessels of the submarine fleet stationed here immediately left the harbor to dive and investigate. Pending their return, the fate of the 26 men who formed the complement of *F-4* was still a matter of conjecture.

The flotilla of submarines stationed here were engaged in target practice early yesterday near the harbor entrance. At 9:15 a. m. *F-4* was submerged. She has not reappeared.

Fail In Attempting To Bring Boat To Surface

The three other submarines of the *F* type noted the disappearance, but real apprehension was not felt for her safety until several hours had passed. A search was instituted and late at night the vessel was located. Attempts to bring *F-4* to the surface with grappling hooks were unsuccessful, although the night was spent in continuous efforts to that end. Although naval officers have declared that the vessel could remain submerged for 24 hours without menace to her crew if her apparatus was undamaged, it was feared today that the acid tanks had been broken and that the crew suffocated by the resulting fumes.

The fact that no signal bells had been heard from the disabled craft was often today as indicating that either the signal system had been destroyed or that death had overtaken the company.

Lieutenant Alfred L. Ede, was in command of *F-4* during yesterday's target practice.

Naval Officers Have No Hope For Safety Of Crew

Washington, March 26.—It the submarine *F-4* sank in 120 fathoms of water, 720 feet—says Honolulu dispatches report, naval officers have no hopes whatever that any of her crew of 25 is alive. At such depth they say the submarine must be crushed and full of water.

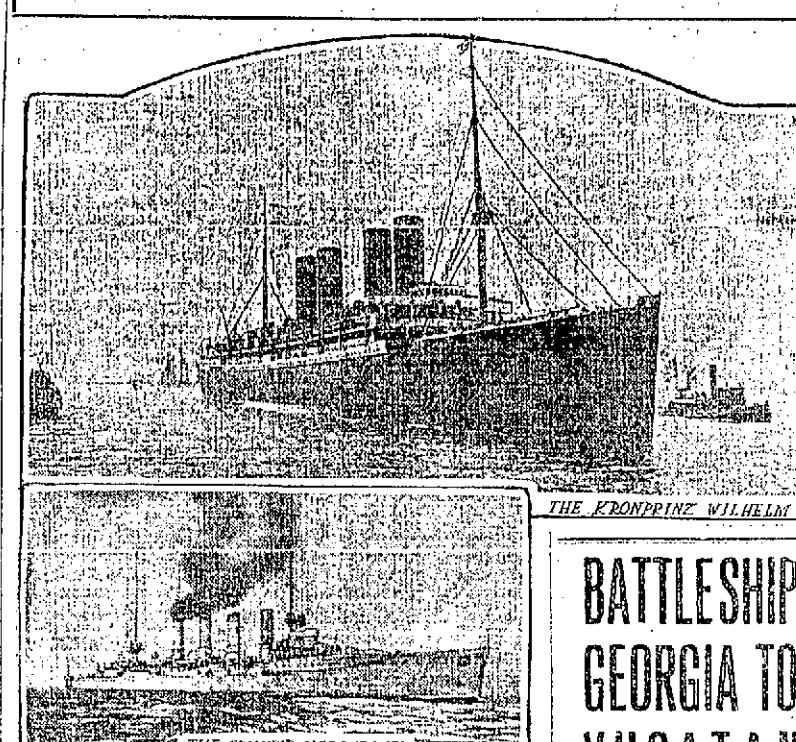

Early today the navy department received this dispatch from Commander Charles Smith, commanding the first submarine division of the Pacific fleet off Honolulu.

"*F-4* left Tender at 9 a. m. for submerged run, March 25th. Failed to return to surface entrance of harbor in thirty fathoms of water covered with fuel oil. Diving and dragging."

With the rest of the fleet, British warships are continually on the lookout for this commerce raider. The *Kronprinz Wilhelm* is represented on the high seas by the cruisers *Karlsruhe* and *Kronprinz Wilhelm*. The activities of the *Karlsruhe* have been apparent on many occasions, and Brit-

ish naval officers have declared that the vessel could remain submerged for 24 hours without menace to her crew if her apparatus was undamaged, it was feared today that the acid tanks had been broken and that the crew suffocated by the resulting fumes.

Longshoremen of Tacoma in a Riot

Tacoma, Washington, March 26.—Supreme Court Justice Page, refusing to order his return to New Hampshire after Thaw's acquittal here on a charge of conspiracy was on the calendar of the appellate division for argument today.

Three hundred striking longshoremen, strike breakers and sympathizers engaged in a riot on the principal business street here last night. Several shots were fired, but so far as known to one was wounded by the bullets. Two men were cut with razors and many were badly beaten. The police used their night sticks freely and arrested a score of men.

Thaw Case Up Today

Savannah, Ga., March 26.—Mrs. Robertson Marshall, of West Port, N. Y., was dead here today and her husband, a retired stock broker, was suffering from injuries as a result of an accident to the automobile in which they were riding last night.

The German government has permitted six officers of the U. S. army to accompany the German armies at the front. Several of them are shown in the picture. They are gathering much valuable information which will be utilized by Uncle Sam on their return to this country after the war.

Rome, March 26 (via Paris)—Efforts of Prince von Buelow, the German ambassador, to bring about an agreement between the Italian and Austrian governments regarding the cession of territory, have definitely failed, according to the *Argus* of Naples, which says it is informed that when the last courier from Vienna brought to the ambassador Austria's final terms they were of such a nature that he did not consider it worth while to submit them to the foreign office here. It is reported that Prince Van Buell has signed the *ratification* of the terms.

Royal Decree Prohibits Exportation of Metals

Rome, March 26 (via Paris)—A royal decree has been promulgated extending the prohibition of exports to include all metals, sulphate of aluminum, cement, steaming, paraffin, creosote and all materials for tanning.

The Italian government on Feb. 29 prohibited the exportation of all food-stuffs, except fruit, vegetables, milk and butter. The order included everything which might be used to feed cattle and other animals, or poultry.

Italy Cannot Ignore England's Maritime Position

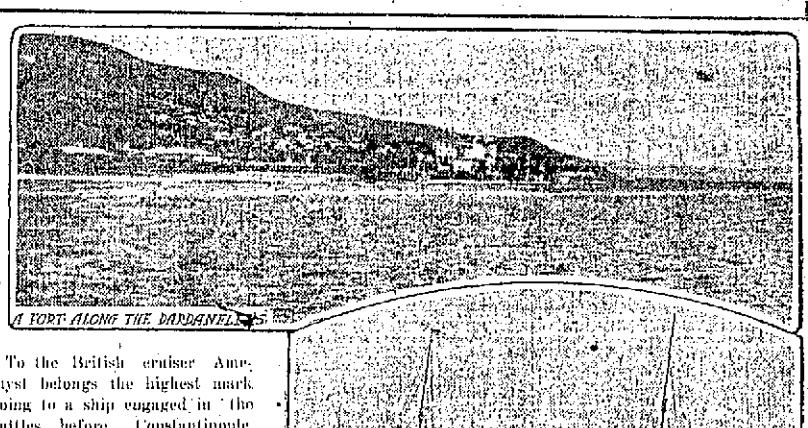

Rome, March 26 (via Paris, March 26)—Commenting upon reports received from distinguished Englishmen regarding their views upon Anglo-Italian friendship, The *Globe* of Milan declares the cordial relations between Great Britain and Italy while based in part upon sentiment, are founded chiefly upon political considerations. The paper says that since Italy is essentially a sea-faring nation she cannot ignore the special maritime position of England.

Pearl, the little baby daughter of Walter Jackson, of Seaton street, who accidentally ran a nail through the roof of her mouth and into her nose a few days ago, is reported doing nicely.

LATEST IN SPORTDOM

George E. Kricker
Duck Pin Champ

At a meeting of the duck pin rollers of this fair city to be held within the near future, the "bankers" championship, held by W. H. Hutchins for a considerable length of time, will be awarded to George E. Kricker, as a result of his big score, 156, which he made at the Play House last night, made it, but in the presence of a host of witnesses, every one of whom is noted for his honesty and veracity. Mr. Hutchins, who has held the bankers' championship for some time, or since he had run up his score of 150, was not present when Mr. Kricker placed his big score high and dry. But it is thought he will surrender the palm with considerable grace as he is a genuine, thoroughbred sportsman, and one who

can accept defeat gracefully or win with a smile. Mr. Kricker has all along claimed that he would spike the guns of Mr. Hutchins, and he most surely had his bidding last night when he tumbled the rubber neck pins for the large total of 156, a score that is hard to equal and still harder to beat.

Mr. Hutchins declares, however, that what Mr. Kricker has done he can do and his promises from now on to range his guns for a score of 160.

The game of duck pins has a great hold on Portsmouth. In fact it looks as though next year at least two duck pin leagues will be formed, so strong are the men of Portsmouth for this particular game.

But right now it is hats off to George E. Kricker, champion of his class.

REFEREE NOT NAMED FOR BIG FIGHT

Havana, March 26.—Selection of a referee for the heavyweight championship fight April 1 between Jack Johnson and Jess Willard was brought up to day.

The list contains the names of the best known referees in the United States, including Charley White, Billy Roche and Sam Austin of New York;

Grandle To
Join Babes

Chillicothe, March 26.—Biram Grandle, who pitched for the Chillicothe club to former years, is still under contract to the local club and will probably be unable to report by Manager Devore. Grandle did not play organized ball last year, but was associated with some semi-professional clubs and pitched some fine games.

Comiskey Is
About Right

Chicago, Ill., March 26.—Charles Comiskey does not approve of the plan of Ben Johnson to cut out the spring training trips of big league teams. In a statement today the White Sox president said that if the team wants to take a chance with the weather in the south it is their own lookout.

COME ON BAKER
GET IN THE GAME

Trappe, Md., March 26.—"I guess \$10,000 would sound pretty good to me if Connie Mack should mention those figures," said "Home-Bum" Baker today. Baker would not quote his definite "price." He said the recent offer of the Falls of \$15,000 "spoke for itself."

"Mack hasn't made any advances to me, and I don't expect he will. I signed that three-year contract of my own free will."

JUDGE WAS AMUSED

Chillicothe, March 26.—"Any school boy could decide that baseball isn't in these days," patron of baseball in Chillicothe, wrote to Federal Judge Kenneth M. Daniels yesterday.

The judge was amused on receiving a postal card on which this sentiment was expressed:

Big War
Order

Pittsburgh, March 26.—The Westinghouse Electric, it was reported today, has received another large order for war materials. The exact amount could not be ascertained, but it is believed to be between \$6,000,000 and \$8,000,000. The Pittsburgh plant is kept busy making shells and other war supplies, and more large orders are expected in the near future.

BIRMINGHAM HAS SOME GOOD MATERIAL
BUT HIS BALL CLUB REMAINS UNSETTLEDPIERCE HAS
RECORD

Peoria, Ill., March 26.—Bowlers from Detroit, Indianapolis, Chicago, Cincinnati, Peoria, Ill., Pittsburgh, Washington, Pa., and Louisville will compete today at the tournament of the American Bowling Congress.

The score of W. H. Pierce, of Pueblo, Colo., who last night rolled 731, is the highest ever rolled in the singles of any A. B. C. tournament. Walter Cook, of Philadelphia, with 697 is in second place. H. Allen and R. Allen, of Detroit, are leading in the doubles with a score of 1397.

CASCARETS KEEP
BOWELS REGULAR
AND CURE COLDS

Get a 10-cent box.

Colds—whether in the head or any part of the body—are quickly overcome by urging the liver into action and keeping the bowels free of poison. Take Cascarets tonight and you will wake up with a clear head and no doubt you will wonder what became of your cold. Cascarets work while you sleep; they cleanse and regulate the stomach, remove the sour, undigested food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember the quickest way to get rid of colts is one or two Cascarets at night to cleanse the system. Get a 10-cent box at any drug store. Don't forget the children. They relish this Candy Charcoal and it is often all that is needed to drive a cold from their little systems.

The White Sox have asked waivers on Dick Hoblitzell, former first baseman of the St. Louis Cardinals, to the American League. Hoblitzell, who plays the Boston Red Sox will cap the hunting in the American League. We shall see, Sir Richard, Hoblitzell says the Red Sox will have one of the greatest teams in the history of the game in the field.

Batsmen Are Easy

Dick Hoblitzell, former first baseman of the St. Louis Cardinals, hunting staff, considers it much easier to find American League batsmen than those in the National.

"After the National League says

Put no good any more, I'll get a job in the American League and consider it with half of my game," says Sallee. "American League batters, I have noticed, swing when the count is two balls and no strikes or even three balls and no strikes."

"When you have a batter hitting

for you with two balls and even three balls then you are going to be able to save your arm."

SCHEDULE CALLS
FOR 26 GAMES

Ann Arbor, Mich., March 26.—The University of Michigan baseball schedule announced today calls for 26 games, 14 of which are played at home.

The more important baseball games include contests with the University of Kentucky at Lexington April 10 and University of Virginia at Charlottesville April 16. Michigan has seven track meets on her schedule which include the Pennsylvania relay races at Philadelphia April 23.

THE FIRST GAME

The strong Fetherston team will open the baseball season at Coney Island Sunday when they will have as their opponents the Kentucky Clippers. The game will be called at 2:30.

TO PLAY OUTFIELD

Joe Stanley, who managed the Springfield team last year has signed with the Fetherston team and will play the outfield.

Kennedy will have a return match with Jake Abel in Chattanooga on April 2.

THIS BUYING AT HOME.

One of our merchants not long ago noticed a lady looking at some suits in his store, and when a few weeks later he saw her in his store again wearing a suit like the one she had been examining, he observed that it fitted exceedingly well. He took occasion to compliment the lady and she said that she had been so pleased with it and that it was giving fine satisfaction. "But," added the lady, "I did not take the suit your clerk was showing me. I went down to Cincinnati and bought this one."

"That is all right," said the dealer, "but would you mind allowing me to look at the makers' mark and tell me what you paid for the suit?"

The lady agreed and it developed that the suit was precisely the same as the one she had examined at the local store, made by the same firm. She said she had paid \$25 for her suit, besides having paid railroad fare and hotel bills. The legal firm never asked more than \$20 for the same suit. That was a case where not only was disloyalty shown to home merchants, but money was actually lost.

People who have been about the most and who spend a lot of money for clothes, say that they can get just as good satisfaction here at home and they can save money over what they would if they went away from home to buy. Why then just for the silly pleasure of boasting that one is wearing something bought in a large city, should people go away from home to shop?

Why should our social columns be filled with persons about men and women going to near-by large cities to "do their spring shopping?"

Every person who has a real interest in Portsmouth, who owns property here, who does business here, whether as a lawyer, a doctor, a railroad employee, a manufacturer, every one of these people, ought to think of these things. Suppose when you went to some one here to sell them something they would tell you they were going away to see if they could not get a location there, you would try to argue them out of it, would you not? Then take stock with yourself. See what you have done, what your family has done, to help Portsmouth during the past year.

And then resolve to do a little better the coming year.

OVER IN KENTUCKY.

Politics is warming up in the Kentucky districts across the river, although the nomination primaries will not be held until August. Among those who are candidates are several well known in Portsmouth. For instance, Hon. M. O. Wilson, the versatile editor of the Vanceburg Sun, who has served one term in the legislature and who made a most excellent record there, is a candidate on the Republican ticket to succeed himself. Hon. E. E. Fullerton, brilliant attorney of Greenup, who has been an important factor in the development of the county, is a candidate for the Republican nomination for circuit judge and will contest with Judge W. C. Halbert, of Vanceburg, present incumbent, also well known in this section.

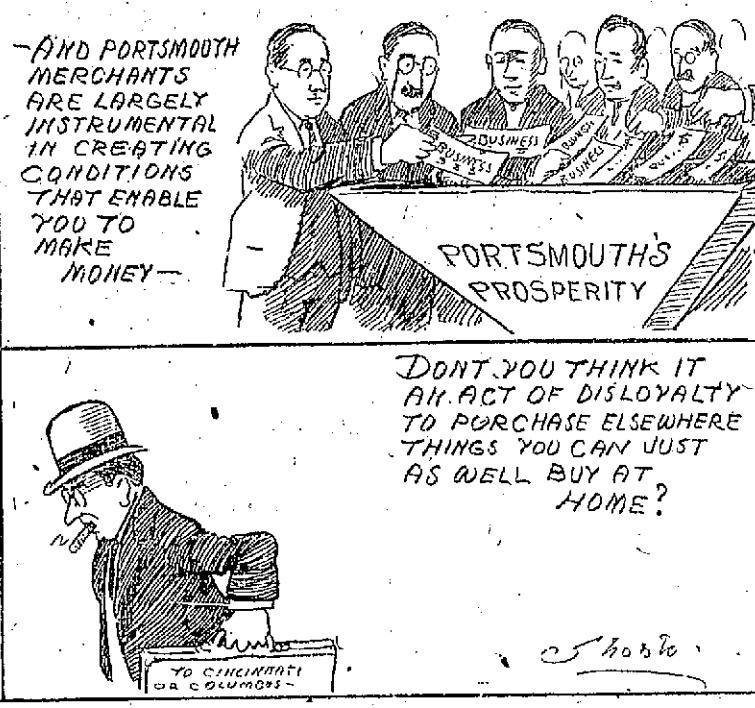

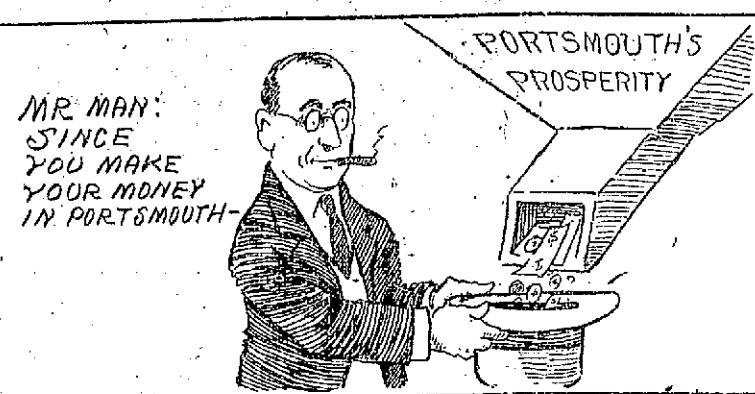

One of the curious features of politics is that Editor Wilson has opposition for the nomination for a second term chiefly because he led the fight for a bond issue to build better roads in Lewis County, some of the tight wads who object to spending money for the general good having banded together in an effort to make a horrible example of him for the benefit of future progressive citizens.

OUR SOUTH AMERICAN TRADE.

An Associated Press dispatch to Thursday's papers noted that the Pan-American commission had found a steady improvement in the financial condition of Latin-American countries that was being reflected by an increasing volume of trade with American states, the increased trade being largely in manufactured products that were formerly bought of warring European countries. For instance there was an increase in exports to Argentina in February from the port of New York amounting to \$906,971 and to Brazil amounting to \$265,945, practically all manufactured goods.

This is most important to American manufacturers as it shows that banking interests of this country are doing their share towards helping South American countries to reorganize their financial affairs, and once done this will mean permanent gain for our own trade. Prior to the beginning of the European war, the financial affairs of South America were handled by London and

SOMETHING TO THINK ABOUT

Berlin bankers. Through them manufacturers of these countries were enabled to practically monopolize trade. The breaking out of the war threw South American finances into utter confusion and made it necessary for a complete reorganization of banking connections. Until this was done, South America was helpless. She was unable to buy what she needed because she could not pay. American bankers, particularly those of New York, saw the opportunity, and they have been busily reaching out and picking up scattered threads that were formerly controlled by London and Berlin bankers. As this was accomplished, American manufacturers were enabled to extend their trade in Latin-American and this trade is bound to grow in volume and permanency, regardless of how soon or how distant may be the termination of the great war.

Americans should rejoice at the gradual development of our trade relations to the south. It shows that a rich field is within our grasp and it will be maintained against the world if care be but taken to meet the peculiar needs and conditions, both in goods and in finance, incident to our Southern neighbors.

GREAT WRITER DEAD.

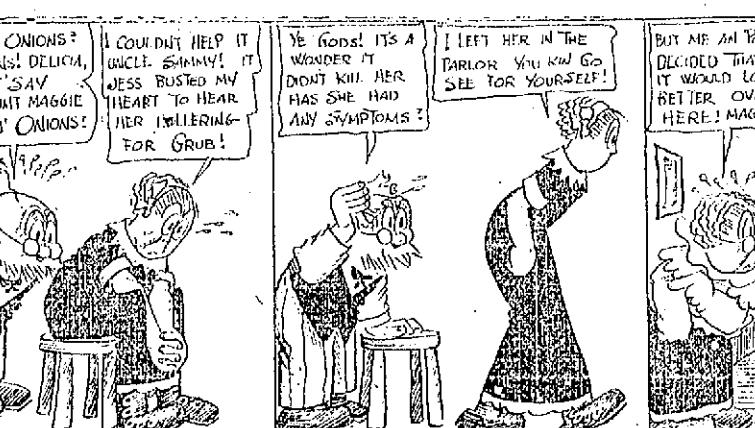

The world of literature lost a most entertaining, if not a really great, descriptive writer when Morgan Robertson died on Thursday. In all of his stories of the sea, Robertson had no superior among living authors when it came to making his readers' see and live with the men who sail the deep. He knew what he was talking about. He had been a sailor before the mast and he had been an officer. He had sailed the seas in every climate and in all kinds of weather and he had the happy faculty of giving accurate descriptions that attracted and sustained the interest of the reader. In this, in our judgment, he was far superior to James R. Connelley, another well known writer of sea tales, and his thrilling tales of stress and adventure rival, if they do not surpass those of Cooper.

Mr. Robertson's practical knowledge of sea affairs was shown by the fact that he was the inventor of the improved periscope now used by submarines of the world, and which add so much to their deadly effectiveness.

It was astonishing how so many of our prominent citizens dropped around down to the court house Thursday to have a little talk with the grand jury about various matters. Our natural overpowering curiosity makes us wonder why they were there, but the grand jury can't tell us and the other fellows won't.

MOTHER McGREW AND HER FAMILY.

Once Mother McGrew said, "I know a good chance For all of you children to learn how to dance. A good dancing school is about to begin, And I really believe that I'll let you start in."

The children all shouted, "Oh, won't that be fun!" They'd long wished to know just how dancing was done. And so when the dancing school opened next day, The children were there in their finest array.

The dancing instructor said, "Everyone knows The first thing to learn is to turn out your toes. The next thing you do is to count, 'One, two, three.' Then start with your right foot and imitate me."

The dancing instructor was quite old and gray. (That he was a crab I neglected to say.) And the dancing school floor was as slippery as glass. Which was often the cause of disaster, alas!

The children all giggled and stood in a line; They turned out their toes and the crab said, "That's fine." Said he, "I believe in very short while I'll have you all dancing with finish and style."

The Elephant said, "That is easy," said he. "Just stand on your right foot and count, 'One, two, three.' And just as he said that he came down ker-plash! On the very worst end of that crusty old crab.

It hurt him so bad that he fainted from pain. And for hours all attempts to revive him were vain. When he finally came to, though he looked very white, He said, "There will be no more dancing tonight."

Then the Elephant went with poor Mother McGrew, Who said, "Well, that finishes dancing for you!" And if you ask me I don't think there's a chance That the Elephant ever will learn how to dance.

ANOTHER C. & O. DETECTIVE SHOT

Buck Johnson Is Victim Of Robbers; Death Plot Grows

Another victim was added to the growing list of railway detectives wounded while in discharge of their duties when Buck Johnson, a C. & O. special agent was shot through the forehead in the C. & O. yards at Silver Grove, 13 miles east of Cincinnati Thursday night at 9 o'clock.

Johnson had surprised some robbers breaking into a box car when they turned on him and after perhaps fatally wounding him succeeded in making their escape though fellow officers later arrested two bohemes who were held as suspects.

Victim Is Known Here
Johnson was removed to the C. & O. branch hospital at Dayton, Ky., but no reports were obtainable as to his condition Friday morning. Johnson is well known to the local police. He was here a few days ago on a hunt of a Kentuckian wanted on a grand larceny charge and when the police first heard of the shooting supposed that Johnson had run across his man only to be shot by him.

Took Interest In Bauens Case
Johnson took an unusual interest in the mysterious murder of the late James A. Bauens, local N. & W. detective, in the East Portsmouth yards December 6, and spent considerable time assisting in the search for the murderer and having several exciting clashes after suspects.

Coming right as it does on the heels of the shooting of George Lenz, a C. & O. detective, by a negro lad in the yards at Handley, W. Va., last week, and Thursday night's near-tragedy, has naturally caused a big flurry all along the line of the C. & O. railway and every effort will be made to bring the guilty parties to justice.

The series of shootings of the winter seem to bear out the stories of bohemes having decreed and plotted last fall to kill off all officers who interfered with them in any way. Officers themselves give credence to the stories and seemed to realize that they are marked for slaughter.

First of The Victims
The first to feel the effect of the conspiracy was L. L. Scherer, general claim agent of the C. & O. railway, who was shot by negro tramps near Covington, Va., last November. He hovered between life and death for many weeks. A negro later was arrested and confessed to the shooting. Then came the atrocious murder of Detective Bauens which stirred this whole community. Some weeks later J. Blau, a B. & O. S. W. detective, was found murdered under a viaduct about 100 feet from the B. & O. stockyard round house in Cincinnati.

Defective Lenz, of the C. & O., was shot last Thursday night and is still in the Sheltering Arms hospital. The British in Flanders

FIRST ELECTION 100 YEARS AGO

Editor of The Times—Just to remind you that the first election under the first charter of Portsmouth was held 100 years ago this month, March 1815. The first charter of this city was granted by special act of the legislature December 1814, and the first election was held the following March. The first council-

men were elected at this time. There were five amendments later, the first one being in 1835.

Received this information on a visit to Capt. N. W. Evans' office while senior in the local high school and thought that it might be of interest. Respectfully,

QUEEN CITY GRAND JURY IGNORES PROPS' CHARGE

The Cincinnati Times-Star today said regarding a grand jury report made in that city:

"This recklessly uttered calumny of our people and officials," is the language used by the grand jury in a special report made to Judge Nippert, Thursday.

The language was in reference to a charge made by S. A. Propst of the Anti-Saloon league,

that force had been used by "wet" workers last fall to compel ten negroes to vote "wet" in a precinct in the Eighteenth ward.

"In fairness to the good name of Cincinnati," Prosecutor Campbell said, "the grand jury asks that, if possible, the same publicity be given to the report of the investigation that was given to the unfounded charges."

In support of his charge Propst was called personally as a witness. The grand jury report was signed by Foreman Emil Pollak, on behalf of the 15 grand jurors. It read as follows:

"The grand jury for the preceding term of this court passed to this grand jury for completion their examination into a charge made by one S. A. Propst, in the city of Portsmouth, Ohio, that a number of men had, at the point of revolver, been driven into a polling place in the city of Cincinnati and compelled to vote "wet" on the constitutional amendments submitted at the November, 1914 election.

"While mindful of our duty not to disclose the evidence heard by us to substantiate any charge of misconduct, we feel that where a charge is made reflecting on the integrity of the community in which we live, as well as on our election and police officers, where every opportunity and facility is offered to the maker of the charge to support it by calling any and every witness he suggests, and where all of such witnesses are called and testify freely and not a scintilla of evidence is offered that would justify anyone in saying that such a thing happened or was possible, we feel, we say, that we would not be doing our full duty in ignoring such charge without a word of protest against this recklessly uttered calumny of our people and officials. With this word of protest we ignore this charge."

MATTER OF PRINCIPLE INVOLVED

The Cincinnati Enquirer says:

"Although but 10 cents is nominally involved, the principle at stake may be worth thousands in a suit filed in the common pleas court yesterday. Edmund H. Willis, wealthy coal operator of Wellston, Ohio, and formerly a partner of the late Eugene Zimmerman in extensive coal land deals, is the plaintiff, and the B. & O. S. W. Railroad Company is defendant.

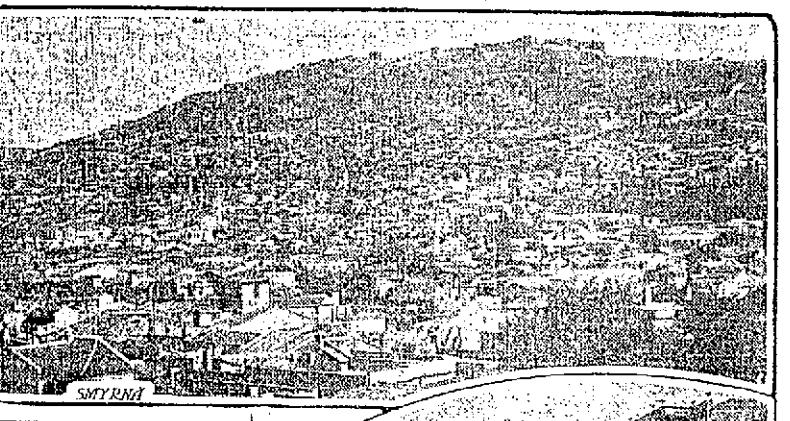

"Willis raises the point that a railway company cannot charge more than the legal rate of fare

must post these rates in its ticket offices, and is bound by them as posted. He only asks nominal damages, but he is seeking to establish principle, and damages is a secondary consideration. He alleges that on February 1 of this year he went to the Central Union Depot and asked for a ticket to Hamden, Ohio. He claims that the rates posted in the office showed the fare to Hamden to be \$2.55. The ticket agent demanded \$2.65, and when Willis protested that the printed rates were 10 cents less, the agent

declared this was a misprint. He further insulted and humiliated him, Willis charges. He finally had to pay \$2.65 for the ticket, he says, and so he sued for \$150 damages through Attorneys Bruce & Bruce.

Smyrna is a city of considerable commercial importance, and for that reason is of value to the Turk.
